Preamble

The following regulations have been adopted on the basis of Articles 49(2)(b) and 50(1) of the *UEFA Statutes*.

I General Provisions

Article 1 Scope of application

- 1.01 The present regulations govern the rights, duties and responsibilities of all parties participating and involved in the preparation and organisation of the 2026/27 UEFA Women's Champions League, including its qualifying phase (hereinafter the competition).

Article 2 Definitions

- 2.01 In these regulations, the use of the masculine form refers equally to the feminine, and vice versa.
- 2.02 In the context of these regulations, the following definitions apply:

Commercial exclusive zone

The stadium for a UEFA Women's Champions League match, comprising the area inside the stadium bowl, including (but not limited to):

- a. all areas that can reasonably be expected to ordinarily appear in the main broadcast feed of the match and any other prominent areas as appropriate (with consideration to [Article 74](#)). This can be supported, if necessary and where feasible, using footage and imagery from previous matches at the stadium. UEFA will determine the relevant areas in good faith, which may include entire stands, tiers, seating rows, balustrades and other installations and areas depending on the stadium's configuration; and
- b. any scoreboards, the advertising board system, video boards, giant screens and clocks located in such areas, as well as the technical zone and team seating areas; and
- c. all broadcaster and media areas, including but not limited to flash interview areas, press conference rooms, the mixed zone, the tunnel area and the dressing rooms.

Commercial rights

Any and all commercial rights and opportunities in and in relation to the competition (including all matches), including media rights, marketing rights and data rights.

Competition area

The technical areas as defined in the *IFAB Laws of the Game* and all areas that are primarily used by players and the referee team as well as the officials and venue team members during the match, plus the fourth official's position, any seats in the stands used by either team's sporting delegation, the referee review area (RRA) if video assistant referees are used, the players' tunnel, the team and referee dressing rooms, the medical room and the doping control station.

Data rights

The right to compile and exploit statistics and other data in relation to the competition.

Doping

The occurrence of one or more of the anti-doping rule violations set out in the *UEFA Anti-Doping Regulations*.

Football technologies

Any of the technologies that may be used at competition matches in accordance with the *IFAB Laws of the Game* and in line with UEFA's instructions, e.g. goal-line technology, video assistant referee system, medical video review system.

Goal-line technology (GLT)

A camera-based tracking system used to support the referee's decision as to whether a goal has been scored.

Home team

The club whose team is either drawn or designated as the home team for sporting and organisational reasons. The home team may or may not be the host club.

Host broadcaster (HB)

The media production team (including official broadcast partners) responsible among other things for the multilateral production of the television and media promotion and coverage of the competition (any mention of 'international media', 'media representatives' and other similar references include host broadcaster within their meaning).

Host club

The club organising a match or mini-tournament.

Local organising structure (LOS)

The group of individuals who help organise home matches at the behest of the club participating in the UEFA Women's Champions League (or a member association appointed by UEFA), and in close cooperation with UEFA, the minimum composition of which required by UEFA includes representatives of the club's management or the association, the stadium authorities, the safety/security services, the club press officer, the national and local police, the relevant competent authorities and other public bodies and agencies, including the transport network and traffic management services.

Marketing rights

The right to advertise, promote, endorse and market the competition; to conduct public relations activities in relation to the competition; and to exploit all advertising, sponsorship, hospitality, licensing, merchandising, publishing, betting, gaming, retailing, music and franchising opportunities and all other

rights of commercial association with the competition (including through ticket promotions).

Media rights

The right to create, distribute and transmit on a linear and/or on-demand basis for reception on a live and/or delayed basis anywhere in the world by any and all means and in any and all media, whether now known or devised in the future (including all forms of television, radio, mobile, wireless and internet distribution), digital, audiovisual, visual and/or audio coverage of the competition and all associated and/or related rights, including fixed media, download and interactive rights.

Non-commercial purposes

Activities without any direct or indirect third-party association necessary for (i) a club to advertise its own matches, (ii) internal archiving purposes and (iii) internal library purposes, but excluding commercial rights and any other activity that UEFA considers commercial in nature.

Partner

Any party accepted by UEFA/UEFA Club Competitions SA (UC3) under contract to exercise the commercial rights, and thereby participating directly or indirectly in the financing of the competition.

UEFA spectator capacity

All seats and allocated standing places in the stadium that comply with the *UEFA Stadium Infrastructure Regulations*, minus any seats permanently assigned to media and broadcasters.

Venue

The location of the stadium of the match, including the area controlled by the relevant competent authorities but also any relevant surrounding areas.

Video assistant referee (VAR)

A match official who may assist the referee in making a decision using replay footage.

- 2.03 In the context of these regulations, any phrase introduced by the terms 'including', 'include', 'in particular', 'for example' or any similar expression is illustrative and does not limit the sense of the words preceding those terms.

Article 3 Entries for the competition

- 3.01 UEFA member associations (hereinafter associations) may enter a certain number of clubs for the competition through their top domestic championships, in accordance with the association coefficient rankings drawn up in line with [Annex D](#). These rankings determine the associations' positions in the access list ([Annex A](#)), which in turn determines the stage at which each club enters the competition. Only one single team per club may be entered.

-
- 3.02 Associations are represented on the following basis (see [Annex A](#)):
- one representative: winner of the top domestic women's championship;
 - two representatives: winner and runner-up of the top domestic women's championship;
 - three representatives: winner, runner-up and third-placed club in the top domestic women's championship.
- 3.03 Additionally, the UEFA Women's Champions League titleholder is guaranteed a place in the league phase and the UEFA Women's Europa Cup titleholder is guaranteed a place in the third qualifying round of the champions path even if they do not qualify for the competition through their domestic championships.
- 3.04 If the UEFA Women's Champions League titleholder qualifies for the league phase of the competition through its domestic championship, the vacancy created in the league phase is filled as follows:
- by the UEFA Women's Europa Cup titleholder; or
 - if the UEFA Women's Europa Cup titleholder has also qualified for the league phase of the competition through its domestic championship, by the domestic champion with the highest individual club coefficient of all the clubs that qualify for the second qualifying round of the champions path.
- 3.05 If the UEFA Women's Europa Cup titleholder qualifies for the league phase of the competition through its domestic championship or as a result of [Paragraph 3.04](#), the vacancy created in the third qualifying round of the champions path is filled by the domestic champion with the highest individual club coefficient of all the clubs that qualify for the second qualifying round of the champions path. If the UEFA Women's Champions League titleholder also qualifies for the league phase of the competition through its domestic championship, the vacancy in the league phase is filled first before the vacancy in the third qualifying round (see [Paragraph 3.04](#)).
- 3.06 If the UEFA Women's Champions League and/or UEFA Women's Europa Cup titleholder qualifies for the second qualifying round of the champions path through its domestic championship, or if rebalancing under [Paragraph 3.04](#) or [Paragraph 3.05](#) creates any vacancy(ies) in the second qualifying round, each vacancy is filled in turn by the club with the highest individual club coefficient of all the clubs remaining in the first qualifying round of the champions path.
- 3.07 If the UEFA Women's Champions League and/or UEFA Women's Europa Cup titleholder qualifies for the first qualifying round of the champions path through its domestic championship, or if rebalancing the champions path as outlined in this [Article 3](#) leaves a vacancy in the first qualifying round, the vacancy will not be filled and the round will be adapted as outlined in [Paragraph 15.01](#).
- 3.08 If the UEFA Women's Champions League and/or UEFA Women's Europa Cup titleholder qualifies for the third qualifying round of the league path through its domestic championship, the vacancy is filled by the club with the highest individual club coefficient of all the clubs in the second qualifying round of the league path, provided that this club is also the highest ranked domestically of all the clubs from

that same association in the second qualifying round of the league path. If the club with the highest individual club coefficient is not also the highest ranked domestically, then the position moves to the club with the next highest individual club coefficient that meets the condition of also being the highest ranked domestically.

- 3.09 If the UEFA Women's Champions League and/or UEFA Women's Europa Cup titleholder qualifies for the second qualifying round of the league path through its domestic championship, or if rebalancing the league path as outlined in this [Article 3](#) leaves a vacancy in the second qualifying round, the vacancy will not be filled and the round will be adapted as outlined in [Paragraph 15.01](#).
- 3.10 If rebalancing for vacancies as outlined in this [Article 3](#) and/or a reduced number of entries results in 21 clubs or fewer starting in the first qualifying round of the champions path, the club(s) with the highest individual club coefficient(s) of all the clubs in that first qualifying round is(are) upgraded to the second qualifying round of the champions path and the number of clubs qualifying from the first qualifying round to the second is reduced accordingly, always ensuring that 28 clubs ultimately participate in the second qualifying round.
- 3.11 In the event of any other vacancies in the UEFA Women's Champions League, priority is given to the best ranked club(s) of the association(s) ranked highest in the access list for the previous round of the corresponding path.
- 3.12 UEFA issues a circular at the beginning of the season confirming the final adapted and rebalanced access list on the basis of the final results in the UEFA women's club competitions and the domestic championships and addressing any scenario not covered by these regulations in accordance with the above rules and principles.

Article 4 Admission criteria and procedure

- 4.01 To be eligible to participate in the competition, clubs must:
- have qualified for the competition on sporting merit;
 - submit the complete, accurate and duly signed versions of the official entry documents (i.e. all documents containing the information deemed necessary by the UEFA administration for ascertaining compliance with the admission criteria, including the *Admission criteria form* attached to these regulations in [Annex H](#)), which must reach the UEFA administration by the deadline set by the latter and communicated to all associations by circular letter in due course;
 - have obtained a licence issued by the competent national body in accordance with the *UEFA Club Licensing Regulations for UEFA Women's Club Competitions* and be included in the list of licensing decisions to be submitted by this body to the UEFA administration by the given deadline;
 - comply with the rules aimed at ensuring the integrity of the competition as defined and to the extent provided for in [Article 5](#);

- e. confirm in writing that they themselves, as well as their players and officials, comply with the *IFAB Laws of the Game* promulgated by the International Football Association Board (IFAB) and agree to respect the statutes (including the principles of fair play as defined therein), regulations, protocols, directives and decisions of UEFA;
- f. confirm in writing that they themselves, as well as their players and officials, agree to recognise the jurisdiction of the Court of Arbitration for Sport (CAS) in Lausanne, Switzerland, as defined in the relevant provisions of the *UEFA Statutes* and agree that any proceedings before the CAS concerning admission to, participation in or exclusion from the competition will be held in an expedited manner in accordance with the *CAS Code of Sports-related Arbitration* and with the directions issued by the CAS, including for provisional or super-provisional measures, to the explicit exclusion of any state or other court;
- g. not have been directly and/or indirectly involved, at any time since 1 March 2016 (i.e. ten years before the entry into force of these regulations), in any activity aimed at arranging or influencing the outcome of a match at national or international level and confirm this to the UEFA administration in writing;
- h. inform UEFA about any and all proceedings before disciplinary bodies or state courts implicating the club or its officials in any activity aimed at arranging or influencing the outcome of a match at national or international level, whether or not the club or its officials have been acquitted.

4.02 If, on the basis of all the factual circumstances and information available to UEFA, UEFA concludes to its comfortable satisfaction that a club has been directly and/or indirectly involved, at any time since 1 March 2016 (i.e. ten years before the entry into force of these regulations), in any activity aimed at arranging or influencing the outcome of a match at national or international level, UEFA will declare such club ineligible to participate in the competition. Such ineligibility is effective for only one football season. When taking its decision, UEFA can rely on, but is not bound by, the decision of a national or international sporting body, arbitral tribunal or state court. UEFA can refrain from declaring a club ineligible to participate in the competition if UEFA is comfortably satisfied that the impact of a decision taken in connection with the same factual circumstances by a national or international sporting body, arbitral tribunal or state court has already had the effect of preventing that club from participating in a UEFA club competition.

4.03 If, on the basis of all the factual circumstances and information available to UEFA, UEFA concludes to its comfortable satisfaction that a club has failed to submit to UEFA in time complete, accurate and duly signed versions of the official entry documents, UEFA shall take the appropriate measures, in particular to protect the good functioning of the UEFA women's club competitions. UEFA may declare that club ineligible to participate in the competition. Any such ineligibility is effective for only one football season.

4.04 In addition or as an alternative to taking the measures as provided for in [Paragraph 4.02](#) and/or [Paragraph 4.03](#), the UEFA Organs for the Administration of Justice can, if the circumstances so justify, also take disciplinary measures in accordance with the *UEFA Disciplinary Regulations*.

-
- 4.05 If a club refuses to enter the competition, having qualified for it on sporting merit and obtained a licence from the competent national body, no other club from the same association may be entered in its place and the access list (see [Annex A](#)) is rebalanced accordingly. Furthermore, in such a case, the coefficient of the association concerned is calculated in accordance with the specific rule laid down in [Annex D](#).
- 4.06 The UEFA administration communicates the decisions on admission to the competition as well as any other appropriate measure to the clubs in writing, with a copy to their associations. Such decisions are final.
- 4.07 If, on the basis of a complaint received by UEFA or information available to UEFA, there is a doubt as to whether a club fulfils the admission criteria defined in [Paragraph 4.01\(c\)](#) and [Paragraph 4.01\(d\)](#), the UEFA administration may refer the case to the UEFA Club Financial Control Body, which decides on the admission without delay in accordance with the *Procedural rules governing the UEFA Club Financial Control Body*.
- 4.08 If there is any doubt as to whether a club fulfils other admission criteria than those defined in [Paragraph 4.01\(c\)](#) and/or [Paragraph 4.01\(d\)](#), the UEFA administration may refer the case to the UEFA disciplinary bodies, which decide without delay upon the club's admission in accordance with the *UEFA Disciplinary Regulations*.
- 4.09 UEFA may carry out investigations at any time (even after the end of the competition) to ensure that the admission criteria are or were met until the end of the competition; if such an investigation reveals that one of these criteria is or was no longer met in the course of the competition, the club concerned is liable to disciplinary measures in accordance with the *UEFA Disciplinary Regulations* or the *Procedural rules governing the UEFA Club Financial Control Body*, as applicable.
- 4.10 Subject to [Paragraph 4.05](#), a club that is not admitted to the competition is replaced by the next-best-placed club in the top domestic women's championship of the same association, provided the new club fulfils the admission criteria and the status of the competition allows such a replacement, safeguarding the sporting integrity of the competition. In such case, the access of the relevant association is adjusted accordingly.

Article 5 Integrity of the competition/multi-club ownership

- 5.01 To ensure the integrity of the UEFA women's club competitions (i.e. UEFA Women's Champions League and UEFA Women's Europa Cup), the club must be able to prove that as at 1 March 2026 the below multi-club ownership criteria were met and the club must continue to comply with the below criteria from that date until the end of the competition season:
- a. No club participating in a UEFA women's club competition may, either directly or indirectly:
 - i. hold or deal in the securities or shares of any other club participating in a UEFA women's club competition;

- ii. be a member of any other club participating in a UEFA women's club competition;
 - iii. be involved in any capacity whatsoever in the management, administration and/or sporting performance of any other club participating in a UEFA women's club competition; or
 - iv. have any power whatsoever in the management, administration and/or sporting performance of any other club participating in a UEFA women's club competition.
- b. No one may simultaneously be involved, either directly or indirectly, in any capacity whatsoever in the management, administration and/or sporting performance of more than one club participating in a UEFA women's club competition.
- c. No individual or legal entity may have control or influence over more than one club participating in a UEFA women's club competition, such control or influence being defined in this context as:
 - i. holding a majority of the shareholders' voting rights;
 - ii. having the right to appoint or remove a majority of the members of the administrative, management or supervisory body of the club;
 - iii. being a shareholder and alone controlling a majority of the shareholders' voting rights pursuant to an agreement entered into with other shareholders of the club; or
 - iv. being able to exercise by any means a decisive influence in the decision-making of the club.

5.02 If two or more clubs fail to meet the criteria aimed at ensuring the integrity of the competition, only one of them may be admitted to a UEFA women's club competition, in accordance with the following criteria (applicable in descending order) with the exception of the scenarios set out in [Paragraph 5.04](#) and [Paragraph 5.05](#):

- a. the club which qualifies on sporting merit for the UEFA Women's Champions League;
- b. the club which was ranked highest in its domestic championship;
- c. the club whose association is ranked highest in the access list (see [Annex A](#)).

5.03 Clubs that are not admitted are replaced in accordance with [Paragraph 4.10](#).

5.04 Exceptionally, provided that the relevant principles of [Paragraph 5.01](#) are respected throughout, a club that was not admitted in application of [Paragraph 5.02](#), and which is replaced in the competition in application of [Paragraph 4.10](#), may still be admitted to the UEFA Women's Europa Cup provided the relevant national association has access, respecting the scenarios foreseen by [Paragraph 5.05](#). The access of the respective association is adjusted accordingly.

5.05 This article is not applicable if any of the cases listed under [Paragraph 5.01](#) happens between a club qualifying (in accordance with [Article 3](#)) for the UEFA Women's Champions League and entering the league phase directly and a club qualifying for the UEFA Women's Europa Cup (see [Annex A](#)).

- 6.01 On entering the competition, participating clubs agree:
- a. to play in the competition until their elimination and to field their strongest team throughout the competition;
 - b. to play all matches under the direction of a head coach who holds the minimum coaching qualification as defined in the *UEFA Club Licensing Regulations for UEFA Women's Club Competitions*, who is confirmed as the head coach by the relevant national association and who is responsible for the selection, tactics and training of the team and for managing the players and technical staff in the competition area before, during and after the match. The assistant coach assists the head coach in all football matters and must hold the minimum coaching qualification as defined in the *UEFA Club Licensing Regulations for UEFA Women's Club Competitions*;
 - c. to stage and play all matches in the competition in accordance with the present regulations;
 - d. to comply with all decisions regarding the competition taken by the UEFA Executive Committee, the UEFA administration or any other competent body and communicated appropriately (by UEFA circular letter or by official letter or email);
 - e. to observe the *UEFA Safety and Security Regulations* for all matches in the competition;
 - f. to stage each match in the competition in a stadium meeting the structural criteria of the stadium category required by [Paragraph 34.01](#);
 - g. if appropriate, to confirm that the artificial turf meets the applicable FIFA quality standards and to send the UEFA administration a copy of the required FIFA licensing certificate issued by a FIFA-accredited laboratory no more than 12 months before the entry deadline;
 - h. to indemnify, defend and hold UEFA, its subsidiaries and any LOS and all of their officers, directors, employees, representatives, agents and other auxiliary persons free and harmless against any and all liabilities, obligations, losses, damages, penalties, claims, actions, fines and expenses (including reasonable legal expenses) of whatsoever kind or nature resulting from, arising out of, or attributable to any non-compliance by the club or any of its players, officials, employees, representatives or agents with these regulations;
 - i. to make every reasonable effort to make the players nominated for the respective UEFA season honours available for the relevant award ceremony, and (except in exceptional circumstances) to make the UEFA player of the match available for an interview after the relevant match;
 - j. to cooperate with UEFA at any time – and in particular at the end of each match – in the collection of items from the game and players' personal items that could be used by UEFA to create a memorabilia collection to illustrate the heritage of the competition, to the exclusion of any commercial use;
 - k. not to represent UEFA or the competition without UEFA's prior written approval;

- l. to update the UEFA administration in writing within 14 working days about any facts and information related to the admission criteria (see [Paragraph 4.01](#)) that have changed since the admission of the club (including changes affecting the official entry documents);
- m. to inform the UEFA administration about any disciplinary procedure opened against the club and/or its players and/or its officials by its association and/or its domestic league for allegedly arranging or influencing the outcome of a match at national level; the same applies for any football-related procedure opened by a state authority against the club and/or its players and/or its officials based on the criminal code.

6.02 The club may use its name and/or logo provided all the following requirements are satisfied:

- a. The name is mentioned in the statutes of the club;
- b. If required by national law, the name/logo is registered with the chamber of commerce or equivalent body;
- c. The name/logo is registered with the club's association and used in national competitions;
- d. The name/logo does not refer to the name of a commercial partner. Exceptions to this rule may be granted by the UEFA administration in case of particular hardship (e.g. long-term existing name) at the reasoned request of the club concerned.

If so requested, the club must provide the UEFA administration with the necessary evidence.

6.03 By entering the competition in accordance with [Article 4](#), each club authorises UEFA, UEFA subsidiaries and their respective suppliers and partners to:

- a. conduct such activities as are reasonably required for the proper delivery of the commercial programme for the competition, including, in particular, media production (including live and non-live media coverage of the club's team, players and officials); and
- b. enter the club's premises (including the relevant stadium) for the purposes of such media production and all related activities, both during and outside of the actual match.

The activities mentioned above are defined in [Chapter XIII](#), [Chapter XIV](#) and [Annex E](#) of the present regulations and in the *UEFA Women's Champions League Club Manual*.

Article 7 Responsibilities of the associations and clubs

7.01 If necessary, visiting clubs must apply for visas from the diplomatic mission of the host country well in advance of their trip. Upon request, the host club must assist the visiting club as much as possible with the visa formalities.

7.02 The clubs are responsible for the behaviour of their players, officials, members, supporters and any person carrying out a function at a match on their behalf.

-
- 7.03 Minimum medical requirements concerning the provision of facilities, equipment and personnel by the host club are set out in the *UEFA Medical Regulations*. For the avoidance of doubt, the host club has sole responsibility for the provision and operation of any facilities and equipment required in the above-mentioned regulations.
 - 7.04 The host club (or the host association) is responsible for safety and security before, during and after the match. The host club (or the host association) may be called to account for incidents of any kind and may be disciplined.
 - 7.05 The host club must stage its matches in accordance with the instructions of UEFA (or of a third party acting on UEFA's behalf) and in cooperation with the association concerned. However, the club is considered solely accountable for all of its obligations in this respect.
 - 7.06 Clubs are responsible for guaranteeing the application of sustainability principles in their activities throughout the full duration of the competition, through respect for human rights and the environment.
 - 7.07 In the weeks prior to each match, clubs must enter the required information into UEFA's TIME platform.
 - 7.08 Visiting teams undertake not to play any other matches when travelling to and from away matches in this competition.
 - 7.09 UEFA declines all responsibility in the event of conflicts arising from contracts between a club or any of its players, officials, employees, representatives or agents and any third party (including their sponsors, suppliers, manufacturers, broadcasters, agents and players) on account of the provisions of these regulations and/or any other UEFA regulations and such persons' obligations thereunder.

Article 8 Anti-doping

- 8.01 Doping is forbidden and is a punishable offence. In the event of an anti-doping rule violation, UEFA will instigate disciplinary proceedings and take the appropriate disciplinary measures in accordance with the *UEFA Disciplinary Regulations* and the *UEFA Anti-Doping Regulations*. This may include the imposition of provisional measures.
- 8.02 UEFA may test any player at any time.

Article 9 Fair play

- 9.01 All UEFA competition matches must be played in accordance with the principles of fair play as defined in the *UEFA Statutes*.
- 9.02 Fair play assessments are conducted at all matches in the competition in accordance with the *UEFA Fair Play Regulations*, in order to establish association fair play rankings at the end of each season.

Article 10 Insurance

- 10.01** Irrespective of UEFA's insurance coverage, each club and host association must conclude insurance coverage with reputable insurers at their own cost, in relation to any and all risks, according to the following principles:
- a. Each club must conclude and maintain insurance coverage to fully cover all of its risks in connection with its participation in the competition.
 - b. In addition, the host club or the host association must conclude and maintain insurance coverage for the risks in connection with staging and organising matches and which must include third-party liability insurance (for all third parties participating in matches or present at the relevant stadium) providing for appropriate guaranteed sums for damages to persons, objects and property, as well as for pure economic losses corresponding to the specific circumstances of the club or association concerned.
 - c. To the same extent as in paragraph b) above, the host association of the final must conclude and maintain insurance coverage to fully cover all of its risks in connection with the staging and organisation of the final.
 - d. If the host club or the host association is not the owner of the stadium used, it is also responsible for providing adequate and fully comprehensive insurance cover, including third-party liability and property damage, taken out by the relevant stadium owner and/or tenant.
 - e. The host club and the host association must ensure that UEFA is included in all insurance policies as defined in the present paragraph and must hold UEFA harmless from any and all claims for liability arising in relation to the staging and organising of the relevant matches.
- 10.02** In any case, UEFA may ask anyone involved to provide, free of charge, written releases of liability, hold harmless notes, confirmations and/or copies of the policies concerned in one of UEFA's official languages.

Article 11 Trophy and medals

- 11.01** The original trophy, which is used for the official presentation ceremony at the final and at other official events approved by UEFA, remains in UEFA's keeping and ownership at all times. A full-size replica trophy, the UEFA Women's Champions League winners' trophy, is awarded to the winning club.
- 11.02** Replica trophies awarded to winners of the competition (past and current) must remain within the relevant club's control at all times and may not leave the club's country without UEFA's prior written consent (in this respect, clubs must comply with any request from the UEFA administration to confirm the location of the club's replica trophies). Clubs must not permit a replica trophy to be used in any context where a third party (including sponsors and other commercial partners) is granted visibility or in any other way that could lead to an association between any third party and the trophy and/or the competition. Clubs must comply with any trophy use guidelines that the UEFA administration issues.

-
- 11.03 The winning team is presented with 50 gold medals and the runner-up with 50 silver medals.

Article 12 Intellectual property rights

- 12.01 UEFA is the exclusive owner of all intellectual property rights of the competition, including any current or future rights in all types of audio and visual material of the competition, names, logos, visual identities, brands, music, mascots, medals, plaques, commemorative items, trophies and certain key elements of the official match ball design. Any use of the aforementioned rights, any imitation and/or variation thereof and any other reference to the competition (such as by associating the name of a club with the date of a match) requires the prior written approval of UEFA and must comply with any conditions imposed by UEFA.
- 12.02 All rights to the fixture list and match schedule, as well as any data and statistics (including databases in which such data is stored) in relation to the matches of and players' participation in the competition are the sole and exclusive property of UEFA. No tickets or accreditation may be used by anyone in order to gain access to a stadium for the purposes of collecting or gathering such data, and such activities are expressly prohibited. This prohibition does not apply to the participating clubs, subject to any and all such data collected being used solely for the purposes of instructing their team, players and officials and expressly excluding any other exploitation or use whatsoever.

II Competition System

Article 13 Competition stages

- 13.01 All matches in the competition are played in conformity with the *IFAB Laws of the Game*. The half-time interval lasts 15 minutes.
- 13.02 The competition stages are as follows (see [Annex B](#)):
- a. Qualifying phase, divided into:
 - champions path, composed of:
 - first qualifying round (mini-tournaments);
 - second qualifying round (mini-tournaments);
 - third qualifying round;
 - league path, composed of:
 - second qualifying round (mini-tournaments);
 - third qualifying round;
 - b. UEFA Women's Champions League, composed of:
 - league phase;
 - knockout phase:
 - knockout phase play-offs;
 - quarter-finals;
 - semi-finals;
 - final.

Article 14 Draw system – qualifying phase

- 14.01 Clubs are seeded for these draws in accordance with the club coefficient rankings established at the beginning of the season (see [Annex D](#)) and with the principles set by the UEFA Women's Football Committee. If, for any reason, any of the participants in the rounds in question are not known at the time of the draw, the coefficient of the club with the higher coefficient of the clubs involved in undecided ties is used for the purposes of the draw.
- 14.02 For the draws for the first and second qualifying rounds, which are played in the form of mini-tournaments, the clubs are divided into two pots. For four-team mini-tournaments, the clubs are all drawn into semi-final pairings with the clubs from pot 1 designated as the home teams. For the final and third-place match, the club with the highest coefficient in the tie concerned is designated as the home team. If it is necessary to draw clubs into groups of three teams, the club with the highest coefficient qualifies automatically for the final and is designated as the home team for that tie; the remaining two clubs play a single-leg semi-final, with the club from pot 1 designated as the home team.
- 14.03 For the third qualifying round, a draw between the same number of seeded and unseeded clubs determines the ties. The club drawn first plays the first leg of the tie at home.

- 14.04 The UEFA administration may form groups for the qualifying phase draws in accordance with the principles set by the UEFA Women's Football Committee. Clubs from the same association cannot be drawn against each other. Any draw in the qualifying phase may be partially or fully digital.

Article 15 Match system – qualifying phase

- 15.01 The first and second qualifying rounds are played in the form of mini-tournaments with semi-finals, a final and a third-place match, all single-leg ties, hosted by one of the participating clubs. If, due to rebalancing for the UEFA Women's Champions League titleholder and/or due to the number of entries in the competition, the number of clubs in the first qualifying round of the champions path and/or the second qualifying round of the league path are not divisible by four, mini-tournaments may be played with three teams, with a single semi-final and one team qualifying automatically for the final. In all cases, if the score is equal at the end of normal time, two 15-minute periods of extra time are played. If one of the teams scores more goals than the other during extra time, that team is declared the winner. If the score is still equal after extra time, the winner is determined by a penalty shoot-out (see [Paragraph 21.03](#)). The winners of the finals qualify for the next round of their respective paths.
- 15.02 All third qualifying round ties are played under the knockout system, whereby each team plays each opponent twice, in home and away matches. The team that scores the greater aggregate of goals in the two matches qualifies for the league phase. If the two teams score the same number of goals across the two matches, [Article 21](#) applies.
- 15.03 The UEFA administration may decide that a tie be played in one leg, if circumstances so require, and will set the principles for determining the winner accordingly.
- 15.04 Certain clubs eliminated in the qualifying phase of the UEFA Women's Champions League are admitted to the UEFA Women's Europa Cup as shown in the table below.

UEFA Women's Champions League (UWCL) elimination (champions or league path)	UEFA Women's Europa Cup (UWEC) entry stage
Second qualifying round – third-placed team	First qualifying round
Second qualifying round – second-placed team	Second qualifying round
Third qualifying round – defeated team	Second qualifying round

Article 16 Draw system – league phase

- 16.01 A draw, which may be conducted digitally, determines the pairings for the league phase. The 18 clubs are divided into three pots of six clubs. The pots are composed according to the club coefficient rankings established at the beginning of the season (see [Annex D](#)) and with the UEFA Women's Champions League titleholder being the top seed in pot 1.
- 16.02 The opponents of each team, as well as whether each match is played at home or away, are determined by means of a draw. Each team is drawn against two opponents from each of the three pots and plays one opponent from each pot at home, and the other away. In principle, teams from the same association cannot be drawn against each other and each team may play against a maximum of two opponents from any other one association, subject to [Paragraph 16.03](#).
- 16.03 The UEFA administration may determine alternative conditions for the draw in accordance with the principles set by the UEFA Women's Football Committee and may adapt any of the conditions of the draw to avoid deadlock situations and/or take into account any relevant constraints in light of decisions taken by the UEFA Executive Committee.

Article 17 Match system – league phase

- 17.01 All league phase matches are played in accordance with the league system, whereby each club plays six opponents in single-leg ties. Each club plays three home and three away matches.
- 17.02 In principle, a club does not play more than two home or two away matches in a row and each club plays one home match and one away match across the first two matchdays and across the last two matchdays. The UEFA administration may derogate from these rules if necessary.
- 17.03 All 18 clubs are ranked in a single league ranking according to their results (3 points for a win, 1 point for a draw, 0 points for a loss).
- 17.04 The clubs ranked 1 to 4 at the end of league phase qualify for the quarter-finals. The clubs ranked 5 to 12 qualify for the knockout phase play-offs. The clubs ranked 13 to 18 are eliminated.

Article 18 Equality of points – league phase

- 18.01 If two or more teams are equal on points on completion of the league phase matches, the following criteria are applied, in this order, to determine their rankings:
- Superior goal difference in the league phase
 - Higher number of goals scored in the league phase
 - Higher number of away goals scored in the league phase
 - Higher number of wins in the league phase
 - Higher number of away wins in the league phase
 - Higher number of points obtained collectively by league phase opponents

- g. Superior collective goal difference of league phase opponents
- h. Higher number of goals scored collectively by league phase opponents
- i. Lower disciplinary points total based only on yellow and red cards received by players and team officials in all league phase matches (red card = 3 points, yellow card = 1 point, expulsion for two yellow cards in one match = 3 points)
- j. Higher club coefficient (see [Annex D](#))

Article 19 Draw system – knockout phase

- 19.01 Once the league phase has been completed, 12 clubs enter the knockout phase in predetermined positions based on their ranking at the end of the league phase, as illustrated in [Annex B](#).
- 19.02 The fixtures for the knockout phase play-offs are determined by means of a draw conducted in accordance with the following principles:
- a. The clubs are paired based on their positions at the end of the league phase to form two seeded pairs (clubs in positions 5 and 6, and 7 and 8) and two unseeded pairs (positions 9 and 10, and 11 and 12).
 - b. The clubs in each seeded pair are drawn against the clubs in each unseeded pair, as illustrated in [Annex B](#): clubs 5 or 6 against clubs 11 or 12, and clubs 7 or 8 against clubs 9 or 10.
 - c. In principle, the seeded clubs play the return matches at home.
- 19.03 The fixtures for the quarter-finals are determined by means of a draw conducted in accordance with the following principles:
- a. The clubs are paired based on their positions at the end of the league phase to form two seeded pairs (clubs in positions 1 and 2, and 3 and 4).
 - b. The clubs in each seeded pair are drawn into one of the two positions in each quarter-final, as illustrated in [Annex B](#), against the winners of the knockout phase play-offs, whose positions are determined by the knockout phase play-off draw in accordance with [Paragraph 19.02](#).
 - c. In principle, the seeded clubs play the return leg at home.
- 19.04 The semi-final and final pairings are determined according to [Annex B](#). Seeded teams, i.e. teams ranked 1 and 2 after the league phase, play the return leg of the semi-finals at home. If a team that is due to be seeded for the semi-finals (a team ranked either 1 or 2 after the league phase) is beaten in the quarter-finals, the team that eliminates them takes over their seeding position in the bracket path (i.e. the higher ranking for seeding purposes is not recalculated after each round).
- 19.05 In the final, the team on the silver side of the bracket (as shown in [Annex B](#)) is considered the nominal home team for administrative purposes.
- 19.06 The UEFA administration may determine alternative conditions for each draw in accordance with the principles set by the UEFA Women's Football Committee and may adapt the conditions of the draw or directly assign positions to take into account any relevant constraints in light of decisions taken by the UEFA Executive Committee. Any draw in the knockout phase may be partially or fully digital.

Article 20 Match system – knockout phase

- 20.01 All knockout phase matches except the final are played in accordance with the knockout system, whereby each club plays each opponent twice, in home and away matches.
- 20.02 The UEFA administration may decide that a tie be played in one leg, if circumstances so require, and will set the principles for determining the winner accordingly.
- 20.03 The team that scores the greater aggregate of goals in the two matches qualifies for the next stage. Otherwise, [Article 21](#) applies.

Article 21 Knockout system, extra time and penalty shoot-outs

- 21.01 For matches played under the knockout system, if the two teams involved in a tie score the same number of goals over the two legs, two 15-minute periods of extra time are played at the end of the second leg. The team that scores more goals during extra time qualifies for the next stage. If both teams score the same number of goals or no goals are scored during extra time, a penalty shoot-out determines which team qualifies for the next stage.
- 21.02 If extra time is required, there is a five-minute break between the end of normal time and the start of extra time. The players remain on the field of play during this five-minute break, at the discretion of the referee.
- 21.03 Penalties are taken in accordance with the *IFAB Laws of the Game*.

Article 22 Match system – final

- 22.01 The final is played as one single match at a neutral and predetermined stadium. If the score is equal at the end of normal time, two 15-minute periods of extra time are played. If one of the teams scores more goals than the other during extra time, that team is declared the winner. If the score is still equal after extra time, the winner is determined by a penalty shoot-out (see [Paragraph 21.03](#)).

III Match Scheduling

Article 23 First and second qualifying rounds host selection

- 23.01 Following the first and second qualifying round draws, the clubs in each group have to agree who will host the mini-tournament. If they cannot agree, the UEFA administration decides according to the following principles:
- If one club is interested in hosting the mini-tournament, the UEFA administration designates that club as host.
 - If more than one club is interested in hosting the mini-tournament, the following criteria apply in descending order:
 - Opinion of a plurality of the clubs
 - Priority given to clubs from associations which do not already have clubs hosting a first qualifying round mini-tournament
 - A draw
 - If no club expresses an interest in hosting the mini-tournament, the UEFA administration conducts a draw to determine the host.

For operational reasons, only clubs who start directly in the round concerned are able to vote for the host and may be considered for hosting responsibilities.

Article 24 Match dates and fixtures

- 24.01 All matches are played in accordance with the *UEFA Women's Match Calendar* (see [Annex C](#)). These dates are final and binding on all concerned, subject to the provisions of [Paragraph 25.01](#) and [Paragraph 25.02](#). The following principles apply to this competition:
- Matches are played on Tuesdays and Wednesdays or Wednesdays and Thursdays, with the exceptions of the first and second qualifying round matches, which are played midweek and on the weekend, the third qualifying round matches, which are played on Wednesdays only, and the semi-finals and final, which are played on weekends. Exceptions to these rules can be made by the UEFA administration.
 - From the league phase onwards, the UEFA administration decides the match schedule of each round.

Article 25 Confirmation of fixtures and automatic reversals

- 25.01 The dates (in accordance with the calendar in [Annex C](#)) and kick-off times for all qualifying matches are fixed by the host clubs in consultation with their respective associations and must be confirmed to the UEFA administration by the set deadline. The UEFA administration may alter or confirm dates and kick-off times in accordance with the principles set by the UEFA Women's Football Committee.
- 25.02 If two or more clubs from the same city, within a radius of 50km of each other and/or playing in the same stadium take part in any of the UEFA club competitions and if the association and the clubs concerned explicitly declare when entering the clubs

that their matches cannot be played on the same day or on consecutive days, the UEFA administration may alter or confirm dates and kick-off times in accordance with the principles set by the UEFA Women's Football Committee.

- 25.03** The UEFA administration decides on match dates and fixture reversals on a case-by-case basis and in accordance with the applicable principles set by the UEFA Women's Football Committee. In any case, the UEFA administration reserves the right to impose a match date if the circumstances so require.

Article 26 Stadium announcements and kick-off times

- 26.01** The kick-off times from the league phase onwards are established by the UEFA administration.
- 26.02** The league phase matches, knockout phase play-offs and quarter-finals kick off at 18:45 CET and 21:00 CET. Exceptions to this rule can be made by the UEFA administration.
- 26.03** The fixtures on the last matchday of the league phase are played simultaneously on Wednesday at 21:00 CET. Exceptions to this rule can be made by the UEFA administration.
- 26.04** The stadiums for matches in the qualifying phase, league phase and knockout phase (excluding the final) are determined by the host clubs and must be entered in the UEFA online system by their respective associations by the deadline set by the UEFA administration before the start of the competition. The kick-off times for matches in the qualifying phase must be announced using the dedicated online tool by the deadline set by the UEFA administration.
- 26.05** By the deadline set by the UEFA administration, each club must propose two stadiums for its home matches as from the league phase, ensuring that:
- both meet the minimum stadium criteria for the league phase (see [Paragraph 34.01](#)) and at least one of them meets the minimum stadium criteria to allow it to be used up to and including the semi-final (see [Paragraph 34.01](#)); and
 - at least one of the stadiums (always of the required category for the match in question) is available on all competition match dates up to and including the semi-finals.

If, by the deadline set by the UEFA administration, a club can guarantee that a single stadium that meets the minimum stadium requirements for all competition matches (see [Paragraph 34.01](#)) is available for every competition match date, UEFA may allow that club to propose only one stadium for its home matches. A stadium may be the ground of the host club or another ground in the same or another city within the territory of its association. Exceptionally, the UEFA administration may accept a stadium in the territory of another UEFA member association if no other suitable stadium is available in the home territory. In principle, stadiums are approved only if direct international flights and/or charter flights are able to land

within an acceptable distance of the host city, in the country of the club concerned. All stadiums are subject to the approval of the UEFA administration.

- 26.06** For the first and second qualifying round mini-tournaments, unless the visiting teams agree otherwise, no stadium may be located more than a one-hour bus drive from all hotels. The host club must ensure that all hotels used are easily accessible and that the travel conditions are favourable for the visiting teams. Hotels must be situated within an acceptable distance of the nearest international airport.
- 26.07** In principle, a maximum of two stadiums must be used as of the league phase in accordance with [Paragraph 34.01](#). The stadiums must be confirmed to the UEFA administration by the associations of the clubs concerned by the set deadline.
- 26.08** The date and stadium of the final are chosen by the UEFA Executive Committee.

Article 27 Changes to the match venue, match stadium or match schedule

- 27.01** If, at any time during the season, the UEFA administration deems that a venue or stadium may not be fit for staging matches of the season in question for whatever reason (including but not limited to pitch, facility and infrastructure, safety and security, operational and/or organisational problems), UEFA may consult the association and club concerned and ask them to propose an alternative venue or stadium, compliant with UEFA's requirements, for all matches as applicable and decided by UEFA. Should the association and club not be able to propose an acceptable alternative venue or stadium by the deadline set by the UEFA administration, UEFA may select an alternative, neutral stadium, which may be in the same venue, in another venue in the territory of the association of the club concerned, or in the territory of another UEFA association. The club concerned will have to make all the necessary arrangements for the staging of some or all future match(es) of the season, in cooperation with the relevant association and competent authorities. The costs of staging the match(es) are borne by the host club. The UEFA administration takes a final decision on alternative venues/stadiums in due time.
- 27.02** If any party to a match has any reason to doubt whether that particular match can take place as scheduled (including but not limited to pitch, facility and infrastructure, safety and security, operational and/or organisational issues and/or weather conditions), they must notify the UEFA administration immediately. If the UEFA administration receives any such notification, or has any reason itself to believe that a match may not be able to be played as scheduled, it decides if any change will be made to the venue, stadium, date and/or kick-off time. Such a decision by the UEFA administration is final. If the venue or stadium is changed, the costs of staging the match(es) concerned are borne by the host club.
- 27.03** The referee decides if a match which has started must be suspended. This decision is made after consultation with the UEFA match delegate and, when possible, the UEFA administration.

-
- 27.04** For exceptional circumstances and cases of extreme urgency that may have a significant impact on the running of the competition, and to ensure that a match can take place or can be completed (see [Article 28](#)), if necessary without spectators, the host club must have access to a backup stadium that meets the relevant stadium criteria and is approved by the UEFA administration. For emergency backup stadiums, exceptions can be made to all regular stadium requirements.
- 27.05** In all cases, decisions taken on the basis of this article are without prejudice to any possible disciplinary measures.
-

Article 28 Rescheduling of matches

- 28.01** If it is decided on the day of a match that the match cannot start or cannot be played in full, the full or remaining match time is, as a rule, played the next day, without prejudice to any possible disciplinary measures. For that purpose, the host clubs must conclude all the necessary agreements to ensure that the required facilities are available and can be operated.
- 28.02** If the match cannot be rescheduled for the next day, the UEFA administration fixes a new date. This may entail exceptions to the regular match calendar (see [Annex C](#)).
- 28.03** As a rule, a rescheduled match is played at the same stadium. If the circumstances require a change of stadium, the UEFA administration must approve the alternative stadium (see [Paragraph 27.04](#)).
- 28.04** In all cases, the UEFA administration must approve the stadium and fix the new kick-off time taking account of the teams' needs wherever possible.
- 28.05** If a club is responsible for any change to the match stadium or match schedule for all or part of a match, that club bears its own expenses as well as any additional travel, board and lodging expenses incurred by the other club, the referee team and the match officers, without prejudice to any possible disciplinary measures.
- 28.06** If the match stadium or match schedule is changed through no fault of either club, each party bears its own expenses related to the original fixture and the rescheduled match or remaining match time.
-

Article 29 Completion of suspended matches

- 29.01** If the referee decides to suspend a match and a decision is taken that the match is to be completed on a different day, the following conditions apply to the restart of the match:
- If the match is resumed the following day, the match restarts with the same players on the field and the same listed substitutes as at the moment the match was suspended. If a player is unable to restart the match, one of the previously listed substitutes may take her place. This is considered as a substitution. If the team has used all of its substitutions by this point, no change can be made. A listed substitute who is unable to take her place on the bench cannot be replaced.
-

- b. If the match is resumed at a later date, the match sheet may contain any of the eligible players who were on List A or List B when the match was suspended, irrespective of whether they were actually on the match sheet for the suspended match, with the exception of players suspended for, substituted or sent off during the suspended match. Players who were in play at the time the match was suspended may not be selected on the match sheet as substitutes when the match is resumed.

29.02 Whether the match is resumed the following day or at a later stage, the following principles apply:

- a. Any sanctions imposed before the match was suspended remain valid for the remainder of the match.
- b. Single yellow cards received before the match was suspended are not carried forward to any other matches before the suspended match has been completed.
- c. Players and/or team officials sent off before the match was suspended cannot be replaced; the number of players and/or team officials allowed when the match is resumed must reflect any such dismissals.
- d. Players and team officials who were suspended during or in relation to another match played after the match in question was suspended can be included on the match sheet for the remainder of the match.
- e. The teams can make only the number of substitutions to which they were still entitled when the match was suspended, using their remaining stoppages in play.
- f. The match must restart where it was suspended (i.e. free-kick, throw-in, goal kick, corner kick, penalty, etc.). If the match was stopped with the ball in play, it is restarted with a dropped ball on the spot where it was suspended.

Article 30 Refusal to play and similar cases

30.01 If a club refuses to play or is responsible for a match (including any penalty shoot-out) not taking place or not being played in full, the UEFA disciplinary bodies declare the match forfeited by the club concerned. Moreover, if the circumstances of the case so justify, the UEFA disciplinary bodies may impose any further disciplinary measures deemed appropriate on the club concerned, including disqualification from the competition.

30.02 The UEFA disciplinary bodies can validate the result as it stood (i.e. abandon the match) at the moment when the match was suspended if the match result was to the detriment of the club responsible for the match being suspended.

30.03 If a club is disqualified or for any reason withdraws from the competition before all its matches in the league phase have been played, the results of all its matches played until that moment remain valid. A calculation of points will need to take place upon completion of the league phase to take the cancelled matches into account. Any club that has not been able to play its scheduled match against a disqualified/withdrawn club is awarded the average number of points earned by all clubs in its same seeding pot against the clubs in the same pot as that disqualified/withdrawn club in home matches, if the affected club was due to play at home, or in

away matches if the affected club was due to play away. The league phase points of all matches that have been played, including the points obtained by clubs in matches involving the disqualified/withdrawn club before their disqualification/withdrawal are not adjusted in any way, and all are taken into account for the average points calculation.

- 30.04 A club that refuses to play or is responsible for a match not taking place or not being played in full may lose all rights to payments from UEFA, depending on the gravity of the circumstances.
- 30.05 Upon receipt of a reasoned and well-documented request from the aggrieved club(s), the UEFA administration may set an amount of compensation due for financial loss.

IV Player Registration

Article 31 Player eligibility

- 31.01 In order to be eligible to participate in the competition, players must be registered with UEFA to play for a club within the deadlines set out in these regulations, and must fulfil all the conditions set out in the following provisions.
- 31.02 Each player must be duly registered with her national association as playing for the club concerned in accordance with the association's own rules and those of FIFA, notably the *FIFA Regulations on the Status and Transfer of Players*.
- 31.03 Each player taking part in the competition must be in possession of a player registration licence issued by the player's association or a valid passport or identity card, each containing the player's photograph and full date of birth (day, month, year). The referee or the UEFA match delegate may ask to see the passports/identity cards of the players listed on the match sheet.
- 31.04 Players must be 16 years of age or older by the end of the calendar year in which the match is played to be eligible to play in the competition.
- 31.05 All players must undergo a medical examination to the extent provided for in the *UEFA Medical Regulations*.
- 31.06 A player may not play in the UEFA Women's Champions League or UEFA Women's Europa Cup for more than one club in a single season. Exceptionally, a player who has been fielded in the first, second or third qualifying round of the UEFA Women's Champions League or the first qualifying round of the UEFA Women's Europa Cup is entitled to play for another club in the UEFA Women's Champions League as from the league phase or for another club in the UEFA Women's Europa Cup as from the second qualifying round. As from the start of the knockout phase, players can be registered in accordance with [Article 33](#). A substitute player who has not been fielded is entitled to play for another club competing in the UEFA Women's Champions League or UEFA Women's Europa Cup in the course of the same season, provided that this player is registered with the UEFA administration in accordance with the present regulations.
- 31.07 The UEFA administration decides on questions of player eligibility. Challenged decisions are dealt with by the UEFA disciplinary bodies.

Article 32 Player lists

- 32.01 Each club is responsible for submitting to UEFA an A list of players (List A) and a B list of players (List B), duly signed by the club and verified, validated and additionally signed by its association. These lists must include the surname, first name, date of birth, shirt number and name (if applicable), nationality and national registration date of all players to be fielded in the competition, as well as the surname and first name of the head coach and first assistant coach. In addition, the lists must include confirmation from the team doctor that all players have undergone the requested

medical examination; the team doctor is solely responsible for ensuring that the requested players' medical examination has been duly performed.

- 32.02** Only players who are duly registered with UEFA by means of List A or List B can validly serve pending suspensions.
- 32.03** The club bears the legal consequences for fielding a player who is not named on List A or List B, or who is otherwise not eligible to play.
- 32.04** No club may have more than 25 players on List A during the season. As a minimum, eight places are reserved exclusively for "locally trained players" and no club may have more than four "association-trained players" listed in these eight places on List A. List A must specify the players who qualify as being "locally trained", as well as whether they are "club-trained" or "association-trained".
- 32.05** A "locally trained player" is either a "club-trained player" or an "association-trained player".
- 32.06** A "club-trained player" is a player who, between the ages of 15 (or the start of the season during which the player turns 15) and 21 (or the end of the season during which the player turns 21), and irrespective of the player's nationality and age, has been registered with the player's current club for a period, continuous or not, of three entire seasons (i.e. a period starting with the first official match of the relevant domestic championship and ending with the last official match of that relevant domestic championship) or of 36 months. In the context of this paragraph, the season immediately preceding a player's 15th birthday may be counted if the player's birthday is after the last match of the relevant domestic championship but before or on 30 June (winter championships) or 31 December (summer championships), and the season immediately following the player's 21st birthday may be counted if the player's birthday is on or after 1 July (winter championships) or 1 January (summer championships) but before the first match of the relevant domestic championship.
- 32.07** An "association-trained player" is a player who, between the ages of 15 (or the start of the season during which the player turns 15) and 21 (or the end of the season during which the player turns 21), and irrespective of the player's nationality and age, has been registered with a club or with other clubs affiliated to the same association as that of the player's current club for a period, continuous or not, of three entire seasons (i.e. a period starting with the first official match of the relevant domestic championship and ending with the last official match of that relevant domestic championship) or of 36 months. In the context of this paragraph, the season immediately preceding a player's 15th birthday may be counted if the player's birthday is after the last match of the relevant domestic championship but before or on 30 June (winter championships) or 31 December (summer championships), and the season immediately following the player's 21st birthday may be counted if the player's birthday is on or after 1 July (winter championships) or 1 January (summer championships) but before the first match of the relevant domestic championship.

-
- 32.08** If a club has fewer than eight locally trained players on its List A, the maximum number of players that can be registered on this list is reduced accordingly.
- 32.09** List A must be submitted online by the following deadlines:
- 17 July 2026 (23:59 CET) for all matches in the first qualifying round;
 - 31 July 2026 (23:59 CET) for all matches in the second qualifying round;
 - 20 August 2026 (23:59 CET) for all matches in the third qualifying round;
 - 17 September 2026 (23:59 CET) for all further matches, from the first match in the league phase up to and including the final.
- 32.10** For the qualifying phase, a club may register a maximum of two new eligible players on List A after the above-mentioned deadlines, provided the quota of locally trained players is respected. This registration must be completed by 23:59 CET the day before the start of the mini-tournament or relevant first-leg match and the club's association must confirm in writing that the new player is currently eligible to play at domestic level. If the registration of a new player causes the number of players on List A to exceed 25, the club must remove a player registered previously to reduce the number of players on the list to 25 again.
- 32.11** Each club is entitled to register an unlimited number of players on List B during the season. The list must be submitted by no later than 23:59 CET on the day before the match in question.
- 32.12** A player may be registered on List B if she is born on or after 1 January 2005 and has, since her 15th birthday, been eligible to play for the club concerned for any uninterrupted period of two years, or a total of three consecutive years with a maximum of one loan period to a club from the same association for a period not longer than one year. Players aged 16 may be registered on List B if they have been registered with the participating club for the previous two years without interruption.
- 32.13** Each club must include at least two goalkeepers on List A and at least three in total (List A and List B combined).

32.14 Exceptionally, a replacement of a player registered on List A is permitted after the deadlines set in the present regulations in the following cases and under the following conditions:

- a. Long-term injury or illness of a goalkeeper: the club concerned may temporarily replace the goalkeeper concerned and register a new goalkeeper at any time during the season. The club must complete the official registration of List A with the replacement goalkeeper. An injury or illness of a goalkeeper is considered long-term if it lasts at least 30 days as of the day the injury or onset of illness occurred. If the goalkeeper recovers before the end of this 30-day period, the player remains nonetheless not eligible to participate in any UEFA women's club competition (i.e. the UEFA Women's Champions League or the UEFA Women's Europa Cup) until the end of such period. The new goalkeeper does not have to be locally trained, even if the replaced goalkeeper was. The club must provide UEFA with the necessary medical evidence in one of UEFA's official languages. Before confirming the replacement, UEFA may require further medical examination of the goalkeeper by an expert appointed by UEFA at the club's expense. Once the injured or ill goalkeeper is fit to be fielded again, she becomes eligible and/or can resume her position in place of her substitute, who must consequently be removed from the list. The return of the original goalkeeper must be announced to the UEFA administration no later than 23:59 CET the day before the next match in which the original goalkeeper is due to play.
- b. Long-term injury or illness of an outfield player: during the league phase, up to and including matchday 6, the club concerned may temporarily replace a maximum of one outfield player and register a new outfield player. The club must complete the official registration of List A with the replacement player, who must have been registered with the club in accordance with [Article 31](#) before the deadline for List A referred to in [Paragraph 32.09\(d\)](#) (i.e. 17 September 2026, 23:59 CET). An injury or illness of an outfield player is considered long-term if it lasts at least 60 days as of the day the injury or onset of illness occurred. If the outfield player recovers before the end of this 60-day period, the player remains nonetheless not eligible to participate in any UEFA women's club competition (i.e. the UEFA Women's Champions League or the UEFA Women's Europa Cup) until the end of such period. If the replaced outfield player was registered as a club-trained player or an association-trained player, the quotas for club-trained players or association-trained players must be fulfilled with the replacement. The club must provide UEFA with the necessary medical evidence in one of UEFA's official languages. Before confirming the replacement, UEFA may require further medical examination of the outfield player by an expert appointed by UEFA at the club's expense. Once the injured or ill outfield player is fit to be fielded again, she becomes eligible and/or can resume her position in place of her substitute, who must consequently be removed from the list. The return of the original outfield player must be announced to the UEFA administration no later than 23:59 CET the day before the next match in which the original outfield player is due to play.

-
- 32.15** Exceptionally, at any time during the season, a club may replace on List A:
- a. a pregnant player who is not able to continue to provide sporting services to her club, because of health reasons attributable to the pregnancy, or
 - b. a player who has taken maternity leave

by completing the official registration of List A with an eligible player, who was already registered with the club in accordance with [Article 31](#) before the last applicable deadline for List A to be submitted.

On completion of her maternity leave, a player who was already registered with the club in accordance with [Article 31](#) before the last applicable deadline for List A to be submitted may be added to the club's List A at any time during the season.

In all cases, the registration of a player as stipulated in this paragraph must be announced to the UEFA administration no later than 23:59 (CET) the day before the next match in which the player in question is due to play, together with the relevant justification, i.e. statement signed by the player and the club, and/or medical certificate.

- 32.16** If, in the case of [Paragraph 32.15](#), the registration of the player returning from maternity leave causes the number of players on List A to exceed 25, the club must remove a currently registered player to reduce the squad to 25 players again.
- 32.17** In all cases outlined in [Paragraph 32.15](#), the rules related to “locally trained players” outlined under [Article 32](#) do not apply.
- 32.18** With regard to the definition of a 'season' to be found in [Paragraph 32.06](#) and [Paragraph 32.07](#) of these regulations, as far as the determination of “locally trained players” is concerned, the relevant dates to be taken into account are those of the respective domestic championship calendar as originally scheduled, i.e. the prolongation of a domestic championship calendar due to an extraordinary situation, such as in the case of the 2019/20 season, is not taken into account. Furthermore, for the 2020/21 season, the period starting with the first official match of the domestic championship and ending with the last official match of that domestic championship is counted as a full season regardless of the actual start and end date due to the extraordinary situation.

Article 33 Subsequent registration

- 33.01** After the completion of the league phase and before the start of the knockout phase, a club may register a maximum of three new eligible players for the remaining matches in the current competition. Such registrations must be completed by 1 February 2027 (23:59 CET) at the latest.

33.02 Exceptionally and without prejudice to [Paragraph 33.01](#), clubs participating in domestic championships that start and end in the same calendar year are entitled to additional player registrations in the following cases:

- a. If more than five players on the club's List A are no longer registered with their national association as playing for the club concerned after completion of the league phase and before the start of the knockout phase, the club may register one additional player, i.e. a total of four new eligible players, for the remaining matches in the current competition.
- b. If more than seven players on the club's List A are no longer registered with their national association as playing for the club concerned after completion of the league phase and before the start of the knockout phase, the club may register two additional players, i.e. a total of five new eligible players, for the remaining matches in the current competition.

Such exceptional registrations must be completed by 1 February 2027 (23:59 CET) at the latest.

33.03 Any or all of the players from the above quota may have been fielded for another club in the qualifying phase or the league phase of the UEFA Women's Champions League, or the qualifying phase or the round of 16 of the UEFA Women's Europa Cup.

33.04 If the registration of such new players causes the number of players on List A to exceed 25, the club must remove the necessary number of currently registered players to reduce the List A to 25 players again. The quota of locally trained players must be respected when registering new players.

V Stadium Infrastructure

Article 34 Stadiums

- 34.01 Unless stipulated otherwise in these regulations, each match must be played in a stadium that meets the minimum structural criteria defined in the *UEFA Stadium Infrastructure Regulations* for the relevant category, as follows:
- a. Category 1 for the qualifying phase;
 - b. Category 2 for the league phase and knockout phase play-offs;
 - c. Category 3 for the quarter-finals and semi-finals.
- 34.02 UEFA representatives may conduct a site visit of each stadium.
- 34.03 The final will be played in a stadium that meets the structural criteria defined in the staging agreement.

Article 35 Pitches

- 35.01 The host club must make every reasonable effort to ensure that the pitch is in the best possible condition for play. If the climatic conditions so require, facilities such as pitch heating and a pitch cover must be provided to ensure that the field of play is in a suitable condition on every match date. The UEFA administration or a third party mandated by UEFA may carry out pitch inspections at any time before and during the competition to check whether the pitch is in a suitable condition to host matches of the competition. Following any initial pitch inspection and recommendation report, the cost of any further inspections or the provision of expert guidance or material by a third party shall be assumed by the club concerned. Clubs are requested to cooperate fully with all such inspections.
- 35.02 The clubs must respect the relevant pitch protection maps for both MD-1 training sessions (if applicable), the pre-match warm-ups and post-match cool-downs.
- 35.03 Any full or partial replacement of a pitch ahead of a match must be communicated to UEFA in advance. UEFA reserves the right to inspect the pitch. Within a stadium, no change in surface from natural grass to artificial turf or vice versa is permitted after the first match of the league phase.
- 35.04 The host club must respect the pitch-cutting guidelines for natural grass pitches. The height of the grass must not exceed 30mm and the entire playing surface must be cut to the same height. The height of the grass should be the same for both the training sessions and the match. If deemed necessary by the referee or the UEFA match delegate, the host club may be required to reduce the height of the grass for the match and training sessions.
- 35.05 The pitch-watering schedule must be communicated by the host club at the organisational meeting. The pitch must be watered evenly and not only in certain areas. As a general rule, pitch watering must finish 60 minutes before kick-off.

However, upon the decision of the host club, pitch watering may also take place after that time:

- a. between 10 and 5 minutes before kick-off; and/or
- b. during half-time, for a maximum of 5 minutes.

The referee is entitled to request changes to the pitch-watering schedule.

- 35.06** All field markings and goals must be in accordance with the *IFAB Laws of the Game* and the *UEFA Stadium Infrastructure Regulations*. No additional structural elements or physical supports may be used inside the net or in its immediate surroundings other than bars fixing the goal net to the ground and goal net stanchions behind and outside the net. Portable goals must not be used.
- 35.07** The host club is responsible for ensuring that the area immediately adjacent to the field of play is safe for players, team officials and the referee team in accordance with the *UEFA Stadium Infrastructure Regulations*. This includes, but is not limited to, temporarily installing additional, high-quality, green artificial turf around the field of play if necessary.

Article 36 Artificial turf

- 36.01** With the exception of the final, which will be played on natural turf, matches in the competition may be played on artificial turf in accordance with the *UEFA Stadium Infrastructure Regulations* and provided that such artificial turf is certified as FIFA Quality (minimum standard for matches up to the third qualifying round inclusive), or FIFA Quality Pro (for matches from the league phase onwards). By 1 June 2026, the host club must submit a copy of such certification, which must be valid for the duration of the entire competition season.
- 36.02** The host club is fully responsible for meeting the above requirements and, if necessary, must conclude appropriate agreements with the owner of the artificial turf, in particular those relating to:
- a. maintenance work and ongoing improvement measures; and
 - b. safety and environmental measures as set out in the *FIFA Quality Programme for Football Turf – Test Manual I: Test Methods* and the *FIFA Quality Programme for Football Turf – Test Manual II: Test Requirements*.
- 36.03** The host club must obtain sufficient warranties and/or guarantees relating to the material and the installation of the artificial turf by the owner, manufacturer and installer.
- 36.04** UEFA cannot be held responsible for any damages to third parties resulting from the use of the artificial turf.

Article 37 Floodlights

- 37.01** Matches in the qualifying phase may be played in daylight or under floodlights. As of the league phase, all matches must be played under floodlights. For matches played under floodlights, the illuminance level must correspond to the

requirements set out in the *UEFA Stadium Infrastructure Regulations* for the relevant stadium category in accordance with [Paragraph 34.01](#) of these regulations.

- 37.02** Clubs must ensure that the stadium floodlight system is regularly maintained to meet the minimum illuminance values. UEFA may conduct an independent assessment of lighting levels in stadiums and will notify the clubs in good time of the results of such assessments and of any corrections to be made.
- 37.03** For matches played under floodlights, full floodlighting must be provided for training sessions the day before the match and from two hours before kick-off, unless it is required earlier for operational purposes (e.g. calibration of GLT). Furthermore, the use of LED floodlight entertainment (light show) may be permitted according to the principles determined in the *UEFA Stadium Entertainment Lighting Guide*. Any such use may only take place either before the warm-up, between the warm-up and the players leaving the tunnel for the match, or after the match. Exceptions may be agreed with UEFA in specific circumstances (e.g. during a moment of silence).

Article 38 Football technologies

- 38.01** Certain football technologies may be used, if decided by UEFA, in accordance with the *IFAB Laws of the Game* and the relevant FIFA Quality Programmes.
- 38.02** Each club authorises UEFA and UEFA's suppliers to install the football technologies approved by UEFA for the competition in its stadium. The club and the stadium owner/operator must cooperate with UEFA and its suppliers and provide them with reasonable access to the stadium and stadium facilities at all times for this purpose (including for all purposes relating to the FIFA Quality Programme certifications). The club must not use or move, and must ensure that no third party other than UEFA or its suppliers uses or moves, any of the equipment or cabling installed at its stadium in connection with the approved football technologies.
- 38.03** The club is responsible for ensuring the integrity and security of any equipment installed by UEFA and/or its suppliers in the stadium between UEFA competition matches. If any equipment is moved and/or damaged between matches, the club may be held liable for the cost of repair and/or replacement as well as any related costs (e.g. recertification) of the equipment in question. If the club, stadium owner or stadium operator need to move any such equipment for any construction/renovation work, other events in the stadium or for any other reason, the club may be liable for the costs of removal, reinstallation and, if necessary, recertification, even if such removal is carried out by UEFA and/or its suppliers at the club's request and/or with the club's agreement.
- 38.04** Host clubs may use pre-installed and certified GLT systems during the qualifying phase, the league phase and the knockout phase play-offs, subject to the visiting club's consent and UEFA's approval. The host club remains fully responsible for the operation of the system and bears all the associated costs.

VI Equipment

Article 39 Applicable regulations

- 39.01** The *UEFA Equipment Regulations* apply to all matches in the competition, unless specified otherwise in these regulations, at the following times:
- a. during any activities in the stadium the day before the match;
 - b. at any official training session before the match;
 - c. during any media activities (in particular for interviews, press conferences and appearances in the mixed zone) the day before the match, and on matchday before and after the match;
 - d. on the day of the match, from the team's arrival at the stadium until departure from the stadium.
- 39.02** Exceptionally, the domestic equipment regulations of each team's own association apply to all matches in the qualifying phase, provided that the sponsor advertising on the playing attire complies with Article 27 of the *UEFA Equipment Regulations* and the playing attire has been approved for and worn in domestic competition matches.

Article 40 Playing attire approval

- 40.01** All teams must submit the playing attire approval form online to the UEFA administration by the given deadline.

Article 41 Colours

- 41.01** For all competition matches, teams must submit the agreed playing attire colours to be worn for each match via the dedicated online tool. The home team has the first choice as to which of its official sets of playing attire registered online it wears for its home matches.
- a. In the qualifying phase, the proposed colours are validated on-site by the referee team.
 - b. As of the league phase, the proposed colours are validated in advance by the UEFA administration.
- 41.02** If the referee notices on the spot that the colours of the two teams could lead to confusion, a final decision on the colours is taken in consultation with the UEFA match delegate and the UEFA administration. As a rule, in such cases it is the host club that has to change colours.
- 41.03** For the final, both teams may wear their first choice playing attire. However, if there is a colour clash, the team designated as the away team must wear alternative colours.

Article 42 Numbers and names

- 42.01 From the league phase, all registered players, including those registered at a later stage, must wear set numbers (on shirts and shorts) between 1 and 99. If the number 1 is used, it must be worn by a goalkeeper.
- 42.02 From the league phase, player names must be shown on the back of shirts (see the *UEFA Equipment Regulations*).

Article 43 Attire sponsors

- 43.01 From the league phase, only the approved sponsors may appear on attire. In addition to the shirt and sleeve sponsors foreseen by Article 28 of the *UEFA Equipment Regulations*, a team may display one additional playing attire sponsor on the back of the shirt, below the player number as follows:
- a. The sponsor must be approved in advance by UEFA in accordance with Article 6 of the *UEFA Equipment Regulations*.
 - b. The total area used for the back-of-shirt sponsor must not exceed 100cm².
 - c. The sponsor must have been approved beforehand by the club's national association and be advertised on the playing shirt in at least one official domestic competition.
 - d. The back-of-shirt sponsor may be used alone or in combination with a charity logo (maximum cumulative size of 100cm²).
- 43.02 From the league phase, clubs may change each attire sponsor only once during the same UEFA season.
- 43.03 Starting the competition without a sponsor but subsequently using one is not considered as a change of sponsor.
- 43.04 A change regarding the content of sponsor advertising is considered to be a change of sponsor, even if the sponsor remains the same.
- 43.05 If a club wants to change its attire sponsor, it must submit a request to the UEFA administration at least seven working days prior to the first match in which it wishes to use the new sponsor, accompanied by the items defined in the *UEFA Equipment Regulations*.
- 43.06 Clubs that have qualified for the knockout phase must announce any change of attire sponsor to the UEFA administration by 1 February 2027 (12:00 CET) at the latest. No change of sponsor is permitted after this time.

Article 44 Badges

- 44.01 From the league phase onwards, the UEFA Women's Champions League competition badge must appear on the free zone of the right shirt sleeve. The UEFA Women's Champions League badge may not be used in any other competition or at any earlier stage of the competition. Multiple winners of the UEFA Women's Champions League (three consecutive times or a minimum of five times) will be

provided with a multiple winner edition of the UEFA Women's Champions League competition badge.

- 44.02 The titleholder must wear the UEFA Women's Champions League titleholder badge instead of the UEFA Women's Champions League competition badge on the free zone of the right shirt sleeve. The UEFA Women's Champions League titleholder badge may not be used in any other competition. If the titleholder is also a multiple winner of the UEFA Women's Champions League they will be provided with a multiple winner edition of the UEFA Women's Champions League titleholder badge.
- 44.03 If qualified for the league phase, the UEFA Women's Europa Cup titleholder must wear the UEFA Women's Europa Cup titleholder badge (UEFA Women's Champions League edition) instead of the UEFA Women's Champions League competition badge on the free zone of the right shirt sleeve. The UEFA Women's Europa Cup titleholder badge (UEFA Women's Champions League edition) must not be used in any other competition.
- 44.04 The applicable UEFA campaign badge must also be worn on the free zone of the right shirt sleeve from the league phase onwards.
- 44.05 Teams are encouraged to wear badges promoting the UEFA women's football campaign, if these are provided. If worn, they must be placed on the free zone of the left shirt sleeve. They cannot be worn if the team has a sleeve sponsor.

Article 45 Other team equipment

- 45.01 From the league phase, non-playing attire worn by players and club officials may contain sponsor advertising and manufacturer identification in accordance with the *UEFA Equipment Regulations*.
- 45.02 From the league phase, with the exception of material specifically provided by UEFA, all additional special equipment, such as kit bags, medical bags, drink containers, blankets, towels, etc. must be free of any manufacturer identification or sponsor advertising unless indicated otherwise in the *UEFA Equipment Regulations*.
- 45.03 From the league phase, the special equipment provided to each club by UEFA must be used, to the exclusion of any similar items.

VII Ticketing and Accreditations

Article 46 Visiting team tickets

- 46.01 Host clubs must make at least 5% of the UEFA spectator capacity available to visiting supporters in line with the *UEFA Stadium Infrastructure Regulations* and the *UEFA Safety and Security Regulations*.
- 46.02 Visiting clubs must, where relevant, sell their tickets by zone in order to facilitate the reallocation of unsold tickets. Visiting clubs that have requested an allocation of tickets for the whole or part of the segregated area may return any unused tickets to the host club without payment up to seven days prior to the match. After this deadline, the visiting club must pay for the whole allocation, irrespective of whether all the tickets have been sold.
- 46.03 The host club may reallocate tickets returned or not requested by the visiting club provided that all safety and security measures (as mentioned in the *UEFA Safety and Security Regulations*) are respected and that such tickets are not reallocated to supporters of the visiting club.
- 46.04 In addition, visiting clubs are entitled to purchase up to 50 top-category tickets for their premium supporters, sponsors, etc., but they are not obliged to take the full allocation. In this regard, the provisions of the *UEFA Safety and Security Regulations* apply. These tickets are to be located in the next highest category of seats after those providing access to the host club's VIP area. They must be located in a single block, with appropriate stewarding and segregation, and must fulfil the following conditions:
- a. Located on the same side of the stadium as the visiting club's VIP seats (as referred to in [Paragraph 47.01](#));
 - b. Located between the two 16m lines, and
 - c. Located approximately midway up the stands.
- 46.05 All visiting team ticket allocations and ticketing arrangements may be altered by written agreement between the two clubs concerned.

Article 47 Tickets with hospitality service

- 47.01 The official UEFA representatives and at least ten representatives of the visiting club and its association must be provided with complimentary VIP seats and associated hospitality in the VIP sector in the area usually used by the host club's president or chief executive officer in accordance with Article 25 of the *UEFA Stadium Infrastructure Regulations*.
- 47.02 The clubs may produce posters, tickets and other official printed matter in connection with the UEFA Women's Champions League in a manner approved by UEFA and in accordance with UEFA's ticketing policy. When posters, tickets and official printed matter connected with UEFA Women's Champions League matches are being designed, due attention must be paid to ensuring that any advertising

overprint is solely that of the partners. All printed matter must be produced in accordance with the guidelines laid down by UEFA.

47.03 For every UEFA Women's Champions League match, the clubs undertake to provide UEFA with the following numbers of complimentary category 1 tickets, including hospitality at no additional charge for UEFA and its partners, in accordance with Article 25 of the *UEFA Stadium Infrastructure Regulations*:

- League phase matches: 70
- Knockout phase play-offs: 130
- Quarter-finals: 130
- Semi-finals: 130

If the host club is unable to provide all such tickets within its VIP hospitality facilities at the stadium, it must propose an alternative solution, at its own expense, for UEFA's approval.

47.04 In addition, the clubs undertake to provide UEFA with the opportunity to purchase additional VIP tickets or category 1 tickets including hospitality at retail price.

47.05 Likewise, UEFA and its partners must be provided with the following numbers of complimentary category 1 tickets without hospitality:

- League phase matches: 80
- Knockout phase play-offs: 170
- Quarter-finals: 170
- Semi-finals: 170

47.06 In addition, UEFA and its partners must be given the opportunity to purchase, at face value, the following numbers of top-category retail tickets for every UEFA Women's Champions League match:

- League phase matches: 270
- Knockout phase play-offs: 340
- Quarter finals: 340
- Semi-finals: 340.

47.07 The clubs are responsible for dispatching tickets and hospitality and parking passes to UEFA and/or the partners in accordance with UEFA's instructions.

47.08 From the league phase onwards, all tickets must be official UEFA Women's Champions League tickets including partners' logos approved by UEFA prior to production.

47.09 The clubs shall ensure that their ticketing and media accreditation terms and conditions for the matches stipulate as a minimum that:

- a. no person may conduct any promotional or commercial activity at the match stadium without the prior written approval of UEFA;
- b. tickets must not be used for any commercial purposes such as for promotion, advertising, use as a prize in a competition/sweepstake, or as part of a hospitality or travel package without the prior written approval of UEFA;

- c. all people attending the match acknowledge that use may be made (free of charge) of their voice, image and/or likeness in still images and audio/visual transmissions relating to the match;
- d. no person attending the match may, without UEFA's prior written approval, collect, record, transmit and/or exploit any sound, image, data, statistics and/or description of the match for any purpose other than for private use. Upon request by UEFA, the club must make every effort to provide the necessary support to enforce the aforementioned provision.

Article 48 Accreditations

- 48.01 A number of accreditations for partners, to be agreed upon, will be made available by UEFA in conjunction with the host club. In every case, accreditation will ensure that all services can be provided before, during and after the match.
- 48.02 The host club must ensure that the venue data coordinator (VDC) appointed by UEFA to gather live data during the match is provided with:
 - a. accreditation permitting access to a commentary position (or an equivalent position) with dedicated broadband internet access, which needs to be in place from the morning of the match until 90 minutes after the final whistle; and
 - b. accreditation permitting access to the referees' dressing room.

VIII Match Organisation

Article 49 Team arrivals

- 49.01** The clubs must arrange for their teams to arrive on-site by the evening before the match concerned (or their first match in the mini-tournament) at the latest, and in time to fulfil their media obligations the day before the match.

Article 50 Training sessions

- 50.01** For the first and second qualifying rounds, each team must be allocated its own training ground for the entire duration of the mini-tournament. Exceptionally, two grounds may be shared by four teams. The teams must be able to use these grounds at any time and as often as requested. Each ground must be surfaced in the same way as the match pitches, of a similar size, in perfect condition, freshly mowed, fully marked and equipped with standard and/or mobile goals. The training grounds must be located no more than 30 minutes by bus from the corresponding teams' accommodation.
- 50.02** The day before each match, pitch conditions permitting, the visiting team is allowed to train for a duration of one hour at the match stadium, unless agreed otherwise with UEFA and the host club. For mini-tournaments, if all matches are played in one stadium, the length of the training sessions will be reduced to 45 minutes. If holding training sessions could render the pitch unfit for play the next day, an alternative training ground approved ad hoc by UEFA must be made available. UEFA may decide, for the purposes of protecting the pitch for the match, that one or both training sessions must be relocated to the alternative training ground. Any requests to relocate any training sessions to the alternative training ground must be approved by UEFA. In all cases, priority is given to visiting clubs, so the first training sessions to be moved are those of the host clubs. Alternatively, all training sessions may be allowed at the stadium but limited to certain areas of the pitch, provided the restrictions on the use of the pitch are notified in writing to each team. In addition, a visiting club may hold a private training session at another location to be agreed on with the host club.
- 50.03** In principle, the stadium's retractable roof should be in the same position as anticipated for the match, subject to prevailing weather conditions.
- 50.04** Pitch watering ahead of a visiting team's official training session at the stadium must be agreed between the two teams.
- 50.05** The day before the match, pitch conditions permitting, the referee team may train at the match stadium. If such a training session is not possible as a result of pitch conditions or travel times, an alternative facility should be made available.
- 50.06** If the visiting team and/or referees do not train at the stadium the day before the match for whatever reason (e.g. pitch conditions), they must be permitted to visit the stadium the day before the match.

-
- 50.07** If the visiting team requests a cool down after the match, it must be communicated at the organisational meeting and should include all relevant information (e.g. duration, number of players, type of exercises). Such requests are subject to the approval of the host club and, in some cases, the relevant competent authorities.

Article 51 Match equipment

- 51.01** For the qualifying phase, balls must comply with the *IFAB Laws of the Game* as well as with the *UEFA Equipment Regulations*. The host club must provide the visiting team with match balls of excellent quality for its training session on the day before the match as well as for warming up before the match. These match balls must be the same as those used for the match.
- 51.02** The applicable official UEFA Women's Champions League match ball determined by the UEFA administration must be used for all matches from the league phase onwards and for the official training sessions before these matches.
- 51.03** For all matches, a multi-ball system must be used. As of the league phase, the system implemented must be in accordance with the protocol and guidelines issued by the UEFA administration.
- 51.04** The use of two-sided substitution boards (preferably electronic) is compulsory.
- 51.05** For each match in the qualifying phase, the host club must ensure that two substitution boards are available.

Article 52 Use of roofs and clocks

- 52.01** Before the match, the UEFA match delegate, in consultation with the referee, decides whether a stadium's retractable roof will be open or closed during the match. This decision must be announced at the organisational meeting, although it may subsequently be altered at any time prior to kick-off if the weather changes, again in consultation with the referee and the UEFA match delegate.
- 52.02** If the match starts with the roof closed, it must remain closed until half-time or for the entire match. If the match starts with the roof open, only the referee has the authority to order its closure during the match, subject to any applicable laws issued by the relevant competent authorities. Such a decision may only be taken if the weather seriously deteriorates. If the referee does order the roof to be closed during the match, it must remain closed until half-time or for the entire match.
- 52.03** Stadium clocks may be used to show the amount of time played or remaining. Additional time in each half should be displayed as additional minutes, not continuously running time (i.e. $45 + x$, $90 + y$). The same applies in case of extra time ($105 + x$, $120 + y$).

Article 53 Screens and footage of matches

53.01 Simultaneous transmissions, replays and delayed footage of the match being played in the stadium may be transmitted on the stadium's giant screen provided that the host club has obtained all the necessary third-party permission to transmit such footage, including permission from the relevant UEFA match officer and any relevant competent authorities. However, the host club must ensure that replays and delayed footage are shown on the giant screen during the match only when the ball is out of play, during the half-time interval, during the break before any extra time, during the half-time interval during any extra time and/or before the start of any penalty shoot-out. Moreover, the host club must ensure that any footage shown on the giant screen is in line with the *UEFA Women's Champions League Club Manual* and under no circumstances includes any images that:

- a. may have an impact on the playing of the match;
- b. may be reasonably considered as controversial insofar as they are likely to encourage or incite any form of crowd disorder;
- c. may display any public disorder, civil disobedience or any commercial and/or offensive material within the crowd or on the pitch;
- d. consist of any action or any behaviour that is against the principles of fair play, including any images that are aimed at highlighting, directly or indirectly, any offside offence, foul or potential mistake of a referee;
- e. are accompanied by sound.

VAR footage and GLT replays may not be shown on existing screens in the stadium, unless UEFA decides otherwise. Simultaneous transmissions and replays of the match are authorised for press monitors and closed-circuit channels. The results of other matches can be shown on the scoreboard and/or giant screen during the match.

53.02 If requested by UEFA, clubs must exclusively display on giant screens in the stadium a special video feed featuring the UEFA Women's Champions League branding and including information and images from all matches of the competition.

53.03 From the league phase onwards, simultaneous or delayed transmissions on public screens outside the stadium in which a match is played (e.g. in the stadium of the visiting club or in any public place) may be authorised, subject to:

- a. a licence being granted by UEFA at its sole discretion, after consultation with the audiovisual right-holders in the territory of the screening; and
- b. authorisation being granted by the relevant competent authorities.

53.04 Up to and including the third qualifying round, such transmissions on public screens are subject to the terms of [Paragraph 73.01](#).

Article 54 Match protocol

- 54.01 The UEFA and UEFA Respect flags and any other flag determined by UEFA must be flown at the stadium at all matches in the competition. They will be provided to the clubs by their association. From the league phase onwards, the competition flag must also be flown. It will be provided by UEFA to the clubs concerned in due time.
- 54.02 As of the league phase, the walk-on music provided by UEFA must be played from when the players emerge from the tunnel until they have lined up, at which point the UEFA Women's Champions League anthem provided by UEFA must be played. National anthems must not be played.
- 54.03 At all matches in the competition, the players are invited to shake hands with their opponents and the referee team after the line-up ceremony as well as after the final whistle, as a gesture of fair play.

IX Teams and Competition Area

Article 55 Teams at the stadium

- 55.01 Both teams must be at the stadium at least 75 minutes before kick-off.

Article 56 Match sheet

- 56.01 Before each match, each team must confirm, using the match sheet, the 23 players in the team and up to 15 team officials, one of whom must be a team doctor. The match sheet must indicate the number and, if applicable, the shirt name that each player will wear during the match.
- 56.02 The players indicated on the match sheet as forming the starting 11 commence the match. A goalkeeper and a team captain must be identified among these players.
- 56.03 If there are fewer than seven players on either team, the match is cancelled or suspended.
- 56.04 Each team must have its match sheet submitted by its competent club official at least 75 minutes before kick-off. The match sheets are automatically exchanged no earlier than 75 minutes before kick-off.

Article 57 Player replacements and substitutions

- 57.01 After the match sheets have been exchanged, no changes are allowed. Before the match has kicked off, the following exceptions are possible:
- a. Any of the players indicated on the match sheet as forming the starting 11 who cannot start the match due to physical incapacity may be replaced by one of the substitutes listed on the match sheet. The substitute in question may then be replaced by a registered player not previously listed on the match sheet, so that the quota of substitutes is not reduced. During the match, five players may still be substituted.
 - b. Any of the substitutes listed on the match sheet who cannot be fielded due to physical incapacity may be replaced by a registered player not previously listed on the match sheet.
 - c. If none of the goalkeepers listed on the match sheet can be fielded due to physical incapacity, they may be replaced by registered goalkeepers not previously listed on the match sheet.

The club concerned must provide the UEFA administration with the necessary medical certificates. Any change made to the players indicated on the match sheet as forming the starting 11 after the match sheets have been exchanged without providing due medical evidence is considered as a substitution, and the number of substitutions available to the team during the match is reduced accordingly. The replaced player may take no further part in the match.

-
- 57.02** Up to five of the substitutes listed on each team's match sheet may take part in the match. Additionally, a sixth substitute listed on the match sheet may take part in knockout matches exclusively during extra time. A player who has been substituted may take no further part in the match. Each team may use a maximum of three stoppages in play to make substitutions (one additional stoppage in extra time can be used). Substitutions made before the start of the match, during half-time, between the end of normal playing time and extra time, and at half-time during extra time do not reduce the number of stoppages in play that can be used.
- 57.03** Any player selected on the match sheet in line with [Article 56](#) or replaced in line with [Article 57](#) may be selected to undergo a doping control after the match in accordance with Annex B of the UEFA Anti-Doping Regulations and must remain available in the stadium for 30 minutes after the end of the match. If a doping control officer is present at the match and a player selected on the match sheet is injured or falls ill and requires treatment in hospital, the doping control officer assesses the severity of the injury or illness and decides whether the player can leave the stadium to go to hospital immediately or whether they must undergo any potential doping control first.

Article 58 Competition area

- 58.01** The 15 team officials and 12 substitute players indicated on the match sheet, i.e. a total of 27 people, are allowed to sit on the team bench. If the team bench provides fewer than 27 seats, the remaining seats must be accommodated to the side of each team bench (or behind if the team benches are in the stands), with access to the dressing rooms. They must be segregated from the general public and, ideally, covered. The set-up must be the same for both teams. All the substitutes and the team doctor indicated on the match sheet must be seated on the team bench during the match.
- 58.02** The host club must, on request, provide the away club with up to seven seats in the stand for appropriately accredited team delegation staff. These seats must be appropriately stewarded and provide access to the competition area before the match, during half-time and after the match only.
- 58.03** During the match, substitutes are allowed to leave the technical area to warm up in the predefined area confirmed by the referee. Five substitutes per team are allowed to warm up at the same time; however, if space does not permit, the referee may decide to limit the number of substitutes allowed to warm up simultaneously to three per team. The team fitness coach indicated on the match sheet may join the players warming up and is responsible for ensuring that the referee's instructions are respected.
- 58.04** Smoking is not allowed in the competition area. This includes the use of electronic cigarettes.

58.05 The use of any electronic communication equipment and/or systems is regulated by the *IFAB Laws of the Game* and the relevant instructions issued. Under no circumstances may any such systems be used by teams in connection with any kind of refereeing decision or matter.

X Refereeing

Article 59 Referee team and referee liaison officer

- 59.01 The *General Terms and Conditions for Referees officiating at UEFA Matches* apply to the referee teams appointed for the competition.
- 59.02 The referee team is composed of the referee, two assistant referees, the fourth official, two or more VARs (if appointed) and a reserve assistant referee (if appointed).
- 59.03 In principle, female match officials are appointed.
- 59.04 The referee team is taken care of by a referee liaison officer, who is an official representative of the association of the host club.
- 59.05 Directly after the match, the referee validates the official match report.

Article 60 Appointment and replacement of referees

- 60.01 The Referees Committee appoints a referee for each match. Only referees from the official FIFA list of referees are eligible. The rest of the referee team is, in principle, proposed by the association of the referee, in accordance with criteria established by the Referees Committee. The host association may be requested to appoint referees. The decision of the Referees Committee is final.
- 60.02 The referees are appointed as follows:

Single match	In principle, UEFA appoints one referee, two assistant referees and one fourth official (substitute referee), (if appointed) two or more VARs and a reserve assistant referee. The assistant referees and fourth official are, in principle, proposed by the referee's association.
Mini-tournaments	For a three-team mini-tournament, UEFA appoints two neutral referees with one assistant referee each. For a four-team mini-tournament, UEFA appoints four referees from four different countries plus four assistant referees, one from each of these countries. The four assistant referees are proposed by the associations of the four referees in accordance with criteria established by the Referees Committee.

- 60.03 UEFA arranges for the referee team to arrive in the country of the venue the day before the start of the mini-tournament or match. If a member of the referee team does not arrive by the evening before the start of the mini-tournament or match, UEFA informs the clubs immediately. The Referees Committee takes the appropriate decisions, which are final.

60.04 Any referee, assistant referee or VAR who becomes unfit to officiate, or is otherwise incapacitated before or during a match, is replaced by another member of the referee team as follows, in accordance with the *IFAB Laws of the Game* :

- a. The referee is replaced by the fourth official or the VAR if one has been appointed and is available on site, or by an assistant referee.
- b. An assistant referee is replaced by the fourth official or by the reserve assistant referee if one has been appointed.
- c. A VAR is replaced by the assistant VAR (if certified as VAR) or by the referee if the latter is unfit to referee but able and certified to serve as VAR.

If necessary, the match will take place without VARs and/or without a fourth official.

Article 61 Procedure in case of severe injury to players

- 61.01** In the event of a suspected concussion, the referee stops the game to allow the injured player to be assessed by the team doctor, in accordance with Law 5 of the *IFAB Laws of the Game*. In principle, this should take no more than three minutes, unless a serious incident requires the player to be treated on the field of play or immobilised on the field for immediate transfer to hospital (e.g. spinal injury).
- 61.02** Any player suffering a head injury that requires assessment for potential concussion will only be allowed to continue playing after such an assessment, upon specific confirmation by the team doctor to the referee of the player's fitness to do so.

Article 62 Video assistant referees and goal-line technology

- 62.01** VAR and GLT systems may be used in accordance with the *IFAB Laws of the Game* for the purpose of assisting the referee.
- 62.02** No sources or systems other than the official VAR system may be used by the referee to review replays during the match.
- 62.03** The VAR system may be used in all matches as of the league phase. The decision as to whether the VAR system is used for all or part of a specific match is at the sole discretion of the referee, and that decision is final. In the event of technical failure, matches may take place or continue without the use of the VAR system. The non-use of the VAR system for all or part of a match, whether due to the referee's decision or technical failure or unavailability, in no way prejudices the validity of the referee's decisions, which are final in all cases.
- 62.04** GLT may be used in all matches from the quarter-finals onwards to help the referee determine whether a goal has been scored. The referee's decision is final in all cases.
- 62.05** In the event of technical failure, matches may take place or continue without the use of GLT. The non-use of GLT for all or part of a match, whether due to the referee's decision or technical failure or unavailability, in no way prejudices the validity of the referee's decisions, which are final in all cases.

XI Disciplinary Law and Procedures

Article 63 UEFA Disciplinary Regulations

- 63.01 The provisions of the *UEFA Disciplinary Regulations* apply to all disciplinary offences committed by clubs, officials, members or other individuals exercising a function at a match on behalf of an association or club, unless the present regulations stipulate otherwise.

Article 64 Yellow and red cards

- 64.01 As a rule, a player or team official sent off by the referee is automatically suspended for the next match in a UEFA women's club competition (i.e. UEFA Women's Champions League or UEFA Women's Europa Cup). In the event of a serious offence, the UEFA disciplinary bodies are entitled to augment this punishment, including by extending it to other competitions.
- 64.02 In case of repeated yellow cards:
- a. before the league phase of the UEFA Women's Champions League or the round of 16 of the UEFA Women's Europa Cup, players and team officials are suspended for the next competition match after three yellow cards that did not result in a red card. Exceptionally, after the completion of every two rounds in a UEFA women's club competition (i.e. UEFA Women's Champions League and/or UEFA Women's Europa Cup) in which a player was registered on a club's list and eligible to play, the number of yellow cards that player received that did not result in a yellow-card suspension is reduced by one;
 - b. as from the first match in the league phase, players and team officials are suspended for the next competition match after three yellow cards that did not result in a red card, as well as after any subsequent odd-numbered yellow card (fifth, seventh, etc).
- 64.03 Single yellow cards and any pending suspensions are always carried forward to the next round of the relevant competition (i.e. UEFA Women's Champions League or UEFA Women's Europa Cup) in which the player and/or official is eligible to participate or, in the case of pending suspensions, would be eligible to participate, except in the cases described in [Paragraph 64.04](#).
- 64.04 Exceptionally, all yellow cards and pending yellow-card suspensions expire on completion of the third qualifying round. They are not carried forward to the league phase. In addition, all yellow cards expire on completion of the quarter-finals. They are not carried forward to the semi-finals.
- 64.05 All yellow cards and pending yellow-card suspensions from the UEFA Women's Champions League or the UEFA Women's Europa Cup expire at the end of the season.

Article 65 Protests and appeals

- 65.01 Protests and appeals against decisions by the UEFA disciplinary bodies must be lodged and any applicable fee paid in accordance with the relevant provisions of the *UEFA Disciplinary Regulations*, with the exception of the following deadlines being applicable to the first and second qualifying rounds:
- a. A protest and the proof of payment of the protest fee must reach the UEFA disciplinary office within 12 hours of the end of the match in question;
 - b. A declaration of the intention to appeal against a decision by the UEFA disciplinary bodies must be lodged within 24 hours of notification of the relevant decision with grounds.

XII Financial Provisions

Article 66 Financial rules – whole competition

- 66.01 The amounts paid by UEFA are gross amounts. As such they cover any and all taxes, levies and charges.
- 66.02 All payments to the clubs are made in euros and transferred to the respective association's bank account. It is the responsibility of the club to coordinate the transfer from the association's bank account to the club's bank account.
- 66.03 Unless so authorised by UEFA in writing, a club may not assign benefits from its participation in the competition to any third party.
- 66.04 The provisional amounts that UEFA pays to the clubs, as per the provisions of [Paragraph 66.05](#), are determined by the UEFA Executive Committee before the start of the competition.
- 66.05 The total amount available for distribution is derived from (i) the net revenue of the UEFA Women's Champions League (the gross revenue received by UEFA from media and sponsorship contracts for the centralised phase of the UEFA Women's Champions League (league phase onwards) as well as matchday revenue (tickets and hospitality) from the UEFA Women's Champions League final minus the operating costs of the UEFA Women's Champions League and UEFA Women's Europa Cup), (ii) UEFA investment and (iii) investment from the UEFA men's club competitions.
- 66.06 On the basis of [Paragraph 66.05](#), and taking into account the running commercial contracts, UEFA issues a circular letter at the beginning of the season indicating the provisional amounts available for distribution to all parties involved, namely clubs participating in the centralised and non-centralised phases of the UEFA Women's Champions League, clubs participating in the UEFA Women's Europa Cup, and non-participating clubs in the top-division domestic women's championships.
- 66.07 For all matches in the competition, the association of the host club, on behalf of UEFA, pays for the board and lodging of the referee team, the UEFA match delegate and the UEFA referee observer, as well as their transport within the territory of the association. An amount of €15,000 per mini-tournament or €5,000 (€6,000 if VARs are on-site) per match has been designated to cover these costs. This contribution will be made at the end of the season and is a charge on the operating costs of the competition as per [Paragraph 66.05](#). The international travel expenses and daily allowances of these persons are borne by UEFA.

Article 67 Financial rules – first and second qualifying rounds

- 67.01 The host club retains its receipts and pays all organisational costs.

-
- 67.02** The host club books and pays for the following for the visiting teams:
- a. board and lodging in a hotel of at least medium standard for a maximum of 26 people per delegation. The makeup of such rooms should be decided in consultation between the host club and visiting team and should be a minimum of 9 twin rooms and 7 single rooms;
 - b. separate medical treatment, massage, equipment storage and meeting rooms at their hotel for each visiting team;
 - c. transport in the host country;
 - d. laundry service for the match playing attire of the participating teams and referees.
- 67.03** The host club's obligations to each visiting team commence one day before the team's first match in the mini-tournament and end one day after the last match in the mini-tournament. The defeated semi-finalists in three-team mini-tournaments are expected to make reasonable efforts to leave as soon as reasonably possible after their semi-final match.
- 67.04** To assist in covering the costs of the mini-tournament, the following contributions will be made and are a charge on the operating costs of the competition as per [Paragraph 66.05](#):
- a. €80,000 for a four-team mini-tournament or €60,000 for a three-team mini-tournament, being €20,000 per mini-tournament participant;
 - b. an additional contribution based on the host country's gross national income per capita, according to the categorisation of the UEFA member associations:
 - €10,000 for a category 1 host country;
 - €25,000 for a category 2 host country;
 - €35,000 for a category 3 host country.
- 67.05** The visiting clubs cover their own travel expenses to and from the host country.
- 67.06** If necessary, the provisions of [Paragraph 28.05](#) and [Paragraph 28.06](#) must be observed. In the event of a match being moved for any reason whatsoever, the UEFA administration decides who assumes any expenses incurred by the visiting club as a result.

Article 68 Financial rules – third qualifying round

- 68.01** Each club retains its receipts and bears all its expenses. The visiting club assumes its expenses for travel, board and lodging, unless the two clubs concerned agree otherwise. If necessary, the provisions of [Paragraph 28.05](#) and [Paragraph 28.06](#) must be observed. In the event of a match being moved for any reason whatsoever, the UEFA administration decides who assumes any expenses incurred by the visiting club as a result.

Article 69 Financial rules – matches from the league phase up to and including the semi-finals

- 69.01 Each club retains its receipts from the sale of match tickets and bears all its expenses. The visiting club assumes its expenses for travel, board and lodging, unless the two clubs concerned agree otherwise. If necessary, the provisions of [Paragraph 28.05](#) and [Paragraph 28.06](#) must be observed. In the event of a match being moved for any reason whatsoever, the UEFA administration decides who assumes any expenses incurred by the visiting club as a result.

Article 70 Financial rules – final

- 70.01 For the final, UEFA owns all rights relating to tickets and decides on the number of tickets to be allocated to the finalists (these allocations do not necessarily have to be equal) and to the host association. In addition, the UEFA administration, in conjunction with the host association, fixes the ticket prices. UEFA may issue ticketing terms and conditions, as well as special instructions, guidelines and/or directives for the sale and/or distribution of tickets (including those contained in the *UEFA Safety and Security Regulations*). Such UEFA decisions and/or requirements are final. Furthermore, the host association and the finalists must cooperate with UEFA in any way necessary to enforce such ticketing terms and conditions.
- 70.02 UEFA covers the local ground transport costs of the clubs (i.e. one bus, one kit van, two cars and/or people carriers). Any additional transport must be arranged and paid for by the clubs themselves.
- 70.03 UEFA organises hotel accommodation for the two clubs. Any hotel contracts, or the responsibility for managing all relevant services relating to such contracts, are transferred to the clubs upon qualification, and any payments that UEFA has made to those hotels in advance are deducted from the bonus payments due.
- 70.04 Each club is responsible for its own expenses.
- 70.05 The accounts of the final must be submitted to the UEFA administration within one month of the final taking place.

XIII Exploitation of the Commercial Rights

Article 71 Introduction and objectives

- 71.01** In marketing the commercial rights, it is UEFA's duty to fulfil, within a market economy-oriented environment, its cultural and sporting mandate to protect and foster the interest of football, thereby endowing the game with a position that is stable in value. Furthermore, the financial prospects stemming from sensible marketing are used to guarantee European football's long-term existence, and to create new scope for the development of football in Europe, while taking into account the rules of the market economy and pursuing the following objectives.
- a. Healthy growth of football
 - In the stadium, the football fan should be able to experience, at close hand, the fascination of a football match.
 - Football should have an appropriate presence on television.
 - Football's interests should be supported and fostered in the area of the marketing of the commercial rights.
 - b. Fostering of the image and enhancing the status and social acceptance of football
 - UEFA's previous endeavours to promote high-quality football should be extended to include the Respect campaign or any other similar campaigns.
 - Fostering and integration of youth football (boys and girls).
 - Fostering and integration of women's football.
 - c. Priority of sport over financial interests
 - Future-oriented financial stability for UEFA, its member associations and clubs, as well as the safeguarding of their independence.
 - Fostering of solidarity within the European footballing community, through the sustained support of financially weaker clubs and associations.
- 71.02** UEFA has entrusted UC3 to manage the commercial rights of the competition. For such, UC3 may appoint third parties to act as brokers or agents on its behalf and/or as service providers.

Article 72 Commercial rights – general

- 72.01** UEFA is the exclusive, absolute legal and beneficial owner of the commercial rights and except as set out in [Paragraph 72.02\(c\)](#), is exclusively entitled to exploit, retain and distribute all revenues derived from the exploitation of such commercial rights.
- 72.02** Exploitation of commercial rights in and to the competition:
- a. Media rights
 - Subject to [Paragraph 72.02\(c\)](#), all media rights in and to the competition, excluding any qualifying phase matches, are exploited by UEFA/UC3.

-
- b. All other commercial rights
 - UEFA/UC3 has the exclusive right to exploit all other commercial rights and to appoint partners for the competition. Any such partners appointed by UEFA/UC3 (and any other third party designated by UEFA/UC3) may have the exclusive right to exploit certain commercial rights (including in respect of their products and/or services) in and to the competition and matches. By way of example only, and in accordance with [Chapter VI](#) of the present regulations and the *UEFA Equipment Regulations*, advertising on players' kits is exempt from this exclusivity.
 - c. Rights of the clubs participating in the competition
 - The clubs may exploit certain media rights in accordance with [Paragraph 73.01](#) and the *Club Media Rights Guidelines* as set out in [Annex G](#). The *Club Media Rights Guidelines* are contractually binding on the clubs.
 - In addition and without prejudice to the *Club Media Rights Guidelines*, the clubs are entitled to (i) use the match coverage of their own matches that UEFA/UC3, at its sole discretion, decides to make available or (ii) in exceptional circumstances, produce their own coverage of their own matches (with a maximum of one camera and subject to UEFA/UC3's approval given in advance in writing and under conditions notified by UEFA/UC3) for the clubs' own non-commercial purposes, such as their own internal training purposes. The licence granted by UEFA in respect of all such footage is strictly limited to the above uses. The clubs are responsible for any additional necessary rights or third-party clearances required in relation to any such uses.
 - d. Data rights
 - UEFA/UC3 may exploit data relating to the competition, including all matches, and authorise third parties to do the same.
 - The clubs may compile data relating to their matches in the competition, use such data and any other data related to the competition for their own internal training purposes and publish such data on their official club platforms. The clubs may not otherwise exploit any data rights.
 - There may be no direct and/or indirect third-party association with any such UEFA Women's Champions League data (to preserve exclusivity for the partners). In particular, clubs must therefore ensure that official club platforms do not sell any form of sponsorship that directly and/or indirectly associates a product, service, person or brand with (i) such data or (ii) the competition.

72.03 The commercial rights must be exploited in compliance with all relevant laws and regulations.

72.04 All agreements and arrangements entered into by member associations and their affiliated organisations and/or clubs that pertain to the exploitation of media rights must include Article 48 of the *UEFA Statutes*, the regulations governing its implementation and any other instructions or guidelines issued by UEFA/UC3 as an integral part of such agreements and arrangements, and member associations and their affiliated organisations and/or clubs must comply with the same. Furthermore, such agreements and arrangements must contain a stipulation guaranteeing that if any amendments are made to these regulations, or any other applicable codes,

guidelines or regulations issued by UEFA/UC3 from time to time, the said agreements and arrangements shall be amended as necessary to conform with the relevant amended regulations, codes or guidelines within 30 days of their coming into force.

- 72.05** All contracts that a club (or any third party acting on behalf of a club) enters into in respect of any commercial rights authorised by these regulations in relation to the competition must expire on 30 June 2030 at the latest or contain a clause allowing the club to terminate any such contract (or be able to release its rights) as of this date.
- 72.06** Further details on commercial matters are given in the *UEFA Women's Champions League Club Manual* and the *UEFA Women's Champions League Brand Manual*.

Article 73 Commercial rights for the qualifying phase

- 73.01** Member associations and their affiliated organisations and/or clubs are authorised to exploit the commercial rights of the home qualifying phase matches which take place under their respective auspices ("qualifying rights").
- 73.02** Clubs shall not participate in any aggregation of commercial rights, or allow any third party to use any aggregation of qualifying rights granted by the club in any way that would permit third parties to create a direct or indirect association with the competition, its products, services, persons or brands and/or its visual identity, whether through the use of a branded marketing programme or otherwise.
- 73.03** All agreements and arrangements pertaining to the exploitation of the qualifying rights must be presented to the UEFA administration on request.
- 73.04** For all qualifying phase matches, member associations and their affiliated organisations and/or clubs envisaged in [Paragraph 73.01](#) undertake that, if they produce coverage of their respective matches, they shall provide UEFA/UC3, upon UEFA/UC3's request, free of charge and at least 24 hours prior to the kick-off of each match, with access to television frequency information for receiving the broadcast signal at a location of UEFA/UC3's choice. These broadcasts can be recorded by UEFA/UC3 in particular for the purposes envisaged in [Article 79](#) and this [Paragraph 73.04](#), and a copy of the recording shall be made available to the host club upon request. If the signal is unavailable for whatever reason or upon request by UEFA/UC3, member associations and their affiliated organisations and/or clubs undertake to provide to UEFA/UC3 free of charge, in digital format (or such other format as may be requested by UEFA/UC3) with a recording of the entire match, to be sent to a destination of UEFA/UC3's choice for receipt within seven days of the match. The club shall ensure that the person owning rights to the above materials grants UEFA/UC3 the right to use and exploit and authorise others to use and exploit any and all media rights in respect of up to 15 minutes (the exact amount to be determined at UEFA/UC3's discretion) of audio and/or visual material from each match, free of charge and without payment of any associated clearance costs. The club acknowledges that such use may be aimed in particular at directly or indirectly

promoting the competition within programming produced by or on behalf of UEFA/UC3.

- 73.05 Member associations and their affiliated organisations and/or clubs may not use or authorise any third party to use any of the competition trademarks or music or any graphic material or artistic forms developed in connection with the competition in programmes, promotions, publications or advertising or otherwise without the prior written consent of UEFA/UC3 if not specifically permitted in these regulations including [Chapter XIII](#) and the *Club Media Rights Guidelines* as set out in [Annex G](#).

Article 74 Commercial rights – league phase onwards

- 74.01 The selected partners, as well as their products and services, enjoy the exclusive right to commercially exploit competition matches and to conduct commercial promotions related to the competition. All past, current and/or future names, terms, symbols (including the trophy), logos or mascots, or other artistic, graphic and musical forms concerning the competition, may be used only by the partners in connection with their commercial rights. In every case, the approval of UEFA/UC3 is required. The use, for non-commercial purposes, of the above-mentioned assets by the clubs that qualify for the UEFA Women's Champions League is described in detail in the *UEFA Women's Champions League Club Manual* and the *UEFA Women's Champions League Brand Manual*.
- 74.02 The clubs undertake to guarantee UEFA/UC3 optimum support in the implementation of the commercial rights and to refrain from taking any steps that would encroach upon the above-mentioned rights of the partners.
- 74.03 Each club must (where applicable) assist UEFA/UC3 in combating activities that undermine UEFA/UC3's commercial programme and the value of its commercial rights. In this regard, each club must provide UEFA/UC3 with all such assistance as UEFA/UC3 may reasonably require in order to prevent third parties from undertaking, without UEFA's consent, activities that directly and/or indirectly associate that third party or their products, services or brands with UEFA/UC3 or the competition. In particular, each club shall not permit any club commercial partner to undertake any such activities. In addition, no club may admit any person to a stadium who may reasonably be expected to act in a manner which undermines the commercial programme.
- 74.04 Each club must support and ensure that its players, officials and other employees also support the commercial programme established by UEFA/UC3 for the exploitation of the commercial rights including the promotional programmes run by UEFA/UC3 and the partners at competition matches (e.g. ball kids, centre circle carriers, flag bearers, player mascots, match ball carrier, referee mascots, player of the match and stadium tours).
- 74.05 The clubs undertake to work in close cooperation with UEFA/UC3. Each club must appoint a liaison officer, who will be responsible for administrative matters, including all cooperation between the club and UEFA/UC3. It is understood that the clubs will provide UEFA/UC3, free of charge, with the services, facilities and areas

which are referred to in this [Chapter XIII](#) or are necessary for the implementation of UEFA/UC3's requirements pursuant to these regulations. The clubs will endeavour to provide UEFA/UC3 and its appointed agency, free of charge, with the necessary office and storage facilities within the stadium. The clubs undertake to give their full support in clearing any material imported and re-exported by UEFA/UC3 or any of its partners or agencies.

Article 75 Commercial exclusive zone requirements - league phase onwards

- 75.01** For all UEFA Women's Champions League matches, the clubs undertake to observe UEFA/UC3's instructions regarding the commercial exclusive zone and operations and access to stadium facilities. In particular, the host club must provide a "clean stadium" by at least the morning of two days before a match, meaning that no advertising except that officially authorised by UEFA/UC3 may be located within the commercial exclusive zone.
- 75.02** The relevant commercial exclusive zone shall be determined by UEFA/UC3. Further details of the commercial exclusive zone are set out in the *UEFA Women's Champions League Club Manual*.
- 75.03** In respect of the 2026/27 season only, the host club shall be authorised to permit its club partners to appear on certain perimeter board advertising relating to the league phase matches it is hosting. The perimeter board advertising inventory available for the host club at each such match shall be delivered in the form of a five-minute shared rotation featuring a minimum of four and a maximum of six club partners if LED advertising boards are used. The club must ensure that no such perimeter board advertising rights are granted in respect of the excluded product categories notified by UEFA/UC3. Further details on the rules and obligations related to the club partner boards are set out in the *UEFA Women's Champions League Club Manual*.
- 75.04** Any stadium naming rights granted by the club are subject to the requirements regarding the commercial exclusive zone. This means that, subject to the following exceptions, no branding of the stadium sponsor (for example, any name, logo, trademark, design elements, slogan or corporate colours) may be visible in the commercial exclusive zone. Similarly, subject to the following exceptions, no such branding may be visible on any competition materials. The following exceptions apply only in relation to one stadium sponsor that has been granted long-term stadium naming rights:
- a. The name of the stadium sponsor may be announced (as part of the stadium name) over the stadium PA system for the sole purpose of denominating the stadium if required for safety and security reasons. No additional identification connected with the stadium sponsor (for example, a jingle) may be included in the announcement.

- b. The name of the stadium sponsor may appear as part of the stadium name on printed materials for the UEFA Women's Champions League, including match tickets, for the sole purpose of denominating the stadium if required for safety and security reasons and only in a non-commercial typeface, colour and without any logos.
- c. The name of the stadium sponsor may appear as part of the permanent stadium name signage on the outside of the stadium building. Existing signage must be determined during the site visit and/or any season preparation information exchanges to ensure that no additional signage is subsequently added.
- d. The name of the stadium sponsor may be used in any form of internal and external club communications, with the name of the stadium sponsor to be written in plain text and without the use of a dedicated font.

75.05 Only UEFA logos and the logos of UEFA/UC3's partners may be displayed at press conferences, flash interviews and in mixed zones at UEFA Women's Champions League matches. In accordance with [Chapter VI](#), the clothing of all players, coaches and team personnel participating in press conferences and/or interviews must be in compliance with the *UEFA Equipment Regulations*.

75.06 Commercial exclusivity granted to UEFA/UC3's partners in the commercial exclusive zone includes UEFA/UC3's right to allow promotional activities by partners such as commercial spots on the stadium scoreboard, promotions involving the ball kids, centre circle carriers, flag bearers, player mascots, referee mascots, a match ball carrier or the player of the match, half-time promotions, stadium tours, product displays, brand promotions, merchandise sales and such other activities as designated and required by UEFA/UC3. Any sales activity undertaken by partners in the commercial exclusive zone may only be in respect of products and/or services related to their association with the competition.

75.07 UEFA/UC3 reserves the right to install and/or display competition branding and/or partner branding in or on the commercial exclusive zone.

Article 76 Pitch perimeter advertising boards requirement – league phase onwards

76.01 An LED advertising board system that includes LED controller units and meets the technical specification communicated by UEFA/UC3 is required for each match of the UEFA Women's Champions League.

76.02 UEFA/UC3 and/or a third party acting on its behalf assesses any existing LED advertising system, including LED controller unit, in place at each stadium during a site visit and/or a session to exchange information in preparation for the season. If an existing system fulfils the technical specifications set by UEFA/UC3 and is judged by UEFA/UC3 to be of a high enough quality and sufficiently reliable, the club shall provide access to it, whether it belongs to the club or to a third-party supplier. In this case, UEFA/UC3 draws up a contract in which the club and/or third-party system owner assumes responsibility for the proper operation and functioning of the boards. The club or system owner's LED system and technicians, for which

UEFA/UC3 pays the club or owner a standard daily fee, work under the direction of UEFA/UC3. The club or its supplier operate the systems, including any artwork management, sequence preparation, on-site graphics control, match operation and reporting. If necessary, an LED supervisor appointed by UEFA/UC3 will help with the implementation of UEFA/UC3 partners' rights on-site.

- 76.03** If a club is unable to provide and install an LED advertising system meeting the required technical or set-up specifications, UEFA/UC3 provides and installs an appropriate system. In this case, UEFA/UC3 and/or a third party acting on its behalf (i.e. UEFA/UC3's LED supplier) is responsible for operating the boards and ensuring their proper functioning.
- 76.04** UEFA/UC3 surveys each system and power set-up in advance. Systems that meet UEFA/UC3's specifications must also be set up in such a way as to conform with UEFA/UC3's needs. This means one continuous system, covering at least the touchline and both goal lines to the near 5.5m line. The system needs to be at least 80cm high, and gaps in the corner are allowed. Boards must be fully visible from the main camera position, ideally running under the crossbar of each goal, or if need be, over the crossbar, but in no cases should the crossbar bisect the board artwork. Content should be fully legible under floodlights, and a system test to match artwork colours and calibrate the main camera of the host broadcaster to those colours must be conducted on the day of the match and/or, if required by UEFA/UC3, the day before the match in the evening, under full match floodlight conditions.
- 76.05** The removal (and the subsequent reinstallation) of any non-compliant system is the responsibility of the club and at the cost of the club; the clean stadium principles continue to apply. In every case, UEFA/UC3 covers the operational staff costs and the cost of artwork adaptation and management.
- 76.06** Where the capacity and security of the pitchside power supply can be guaranteed, UEFA/UC3 uses this existing power supply. Consumption costs are covered by the host club. Where the existing power capacity is insufficient or not reliable enough, or where there is no backup power source, then UEFA/UC3 may bring in, at its own cost, a dedicated twin-pack generator to guarantee the operation of the boards (unless the existing power supply does not meet EU standards, in which case the costs shall be covered by the host club).
- 76.07** As of the league phase, the host club must ensure that the operator of the LED advertising boards appointed by UEFA is provided with:
- a. a commentary position (or equivalent position) during the match; and
 - b. an accreditation permitting access to that position (where not otherwise provided by UEFA).
- 76.08** UEFA/UC3 reserves the right to install and/or display competition branding and/or partner branding and/or to offer partner products in the club's VIP hospitality area or any other hospitality area provided by the club.

Article 77 Hospitality and parking – league phase onwards

- 77.01** For every UEFA Women's Champions League match, the host club must provide UEFA/UC3, free of charge, with a single exclusive hospitality area for use by UEFA/UC3 and its partners, which should be located within the club's VIP area. In the knockout phase, UEFA/UC3 may request the host club to provide, free of charge, a separate exclusive area outside of the club's hospitality area for use by UEFA/UC3 and its partners if space permits, or a comparable area elsewhere if not. If UEFA/UC3 decides to use the exclusive hospitality area provided, the host club must ensure that no third-party commercial branding is visible. The relevant requirements shall be determined by UEFA/UC3 as part of the site visits undertaken at each stadium. If the host club offers a specific service to its guests (e.g. a sit-down meal), guests of UEFA/UC3 and its partners must be offered the same service at no additional charge, including in UEFA/UC3's exclusive hospitality area. If the host club's VIP area closes after the game, but other hospitality areas remain open, guests of UEFA/UC3 and its partners should be able to access those areas. The host club must ensure that such areas enable UEFA/UC3 to host the relevant number of complimentary ticket holders set out in [Paragraph 47.03](#), in compliance with all applicable local health and safety laws and regulations.
- 77.02** The standard of these facilities must be at least comparable to the highest standard available in the stadium. If the host club is not able to offer such facilities within the stadium, it must find an alternative solution at its own expense outside the stadium. This alternative solution must be of a standard comparable to that of the highest standard internal facility. UEFA/UC3 will notify the clubs of the relevant size requirements of such hospitality facilities.
- 77.03** The clubs must make every effort to give UEFA/UC3 and its partners the opportunity to acquire, on reasonable commercial terms and subject to availability, one skybox (or similar facility) for the quarter-finals and two skyboxes (or similar facilities) for the semi-finals.
- 77.04** In principle, 10 parking spaces for the league phase, 15 parking spaces for the knockout phase play-offs, quarter-final, and semi-final matches must be provided, free of charge, to UEFA/UC3 for use by partners. The number and category of parking spaces is decided upon by UEFA/UC3 and the host club. These parking spaces should be in a prime position, wherever possible with easy access to the hospitality area of UEFA/UC3 and partners.

Article 78 Licensing and merchandising

- 78.01** The clubs are expected to support the implementation of the competition licensing programme and make reasonable efforts to participate in the competition- and final-related products programme.
- 78.02** Without prejudice to the terms of the *Club Media Rights Guidelines* set out in [Annex G](#), the clubs must not develop, produce, distribute or sell competition and/or final-related products without the prior written approval of UEFA/UC3.

-
- 78.03** UEFA/UC3 may appoint a supplier to develop a range of co-branded licensed products bearing the branding of one or more clubs together with competition branding (not final-related). Participation in such co-branded licensing projects is subject to the club(s) reaching an agreement with the relevant supplier.
- 78.04** UEFA/UC3's appointed supplier and the finalists may enter into an agreement in relation to the development, production and distribution of co-branded finalist/winner-licensed products bearing the branding of the relevant club(s) together with final-related branding. A contract drafted by UC3 will be submitted to the club(s) for consideration.

Article 79 Promotional and editorial activities

- 79.01** All clubs participating in the competition must grant UEFA, its subsidiaries and UC3, the right to use and authorise others to use photographic, audiovisual and visual material of the team, players and officials (including their names, relevant statistics, data and images), as well as the club name, logo, emblem, stadium image and team shirt (including references to the shirt sponsors and kit manufacturers), free of charge and worldwide for the full duration of any rights for (i) non-commercial, promotional and/or editorial purposes and/or (ii) as reasonably designated by UEFA/UC3 and/or its subsidiaries in relation to the proper operation of the commercial programme (broadcast, sponsorship and, pursuant to any agreement entered into pursuant to [Paragraph 78.04](#)) of the competition. No direct association will be made by UEFA/UC3, its subsidiaries or partners between individual players or clubs and any partner without the separate consent of the relevant club or the relevant individual and this provision shall not act so as to transfer any ownership or equivalent right to UEFA/UC3 or any UEFA/UC3 subsidiary. On request, the clubs must supply UEFA/UC3 and its subsidiaries, free of charge, with all appropriate material as well as the necessary documentation required to allow them to use and exploit such rights in accordance with this paragraph.
- 79.02** The clubs must also provide all relevant data and/or information for UEFA/UC3's promotional purposes, in particular UEFA/UC3's official website(s) and competition-related publications.

XIV Media Matters

Article 80 Responsibilities regarding media matters

- 80.01** Each club must appoint a dedicated English-speaking press officer to coordinate cooperation between the club, UEFA and the media in accordance with the present regulations. The club press officer must ensure that the media facilities provided by the club meet the required competition standards. The club press officer must be present at all home and away matches to coordinate all media arrangements including pre-match and post-match press conferences and interviews, and to cooperate with the UEFA staff at the stadium. The visiting club must send a full list of media/press accreditation requests to the host club by four days before the match at the latest. Clubs are responsible for ensuring that all accreditation requests come from bona fide media. Clubs must also provide accreditation lists to UEFA on request.
- 80.02** Before the start of the season each club must, at UEFA's request, (i) provide UEFA, free of charge, with individual player and head coach statistics and photographs, historical information and a photograph of its stadium, and any further data requested by UEFA for promotional purposes; or (ii) make all or part of the above available for UEFA to produce its own material.
- 80.03** For further details on media matters, please refer to the relevant parts of the *UEFA Women's Champions League Club Manual*.

Article 81 Media activities on the day before the match

- 81.01** Both clubs must make their training session on the day before the match open to the media for at least 15 minutes in accordance with the schedule agreed in advance with UEFA. The two training sessions must be arranged by the two clubs together, so that the media can attend both. For mini-tournaments, this provision applies only to the training sessions before each club's first fixture and requires that all clubs' training sessions are arranged by the clubs together, so that the media can attend all. In principle, the visiting club holds its official training session in the stadium where the match will take place on the day before the match, unless otherwise agreed in advance with UEFA. Each club may decide whether the entire training session in question or only the first or last 15 minutes are open to the media. If a club decides to make only 15 minutes open, the club itself may film the entire training session for the exploitation purposes set out in the *Club Media Rights Guidelines* (see [Annex G](#)). No other media activities are permitted during the closed part of the training session. Should a club allow its own photographer to attend the entire training session (of which only 15 minutes are open to the media), the club photographer must provide UEFA, upon request, with photos which UEFA will then make available to the international media. If a club does not hold a full training session on the day before the match, alternative arrangements must be made in agreement with UEFA to provide the media with access to a minimum of 15 minutes of the team's preparation (e.g. stadium walk-around). Training sessions on the day before the match may be broadcast live regardless of location, and clubs must

provide facilities for such live broadcasts, including cable routes and parking for TV vehicles.

- 81.02** The clubs must communicate the times of their MD-1 press conferences and training sessions to UEFA and the opposing team via the TIME Platform no later than 12:00 CET on the Thursday prior to the matchweek. Clubs must work together to coordinate the timing of their MD-1 press conferences and training sessions, so that the media are able to cover the activities of both teams and the relevant media deadlines are respected. In cases where clubs are unable to reach an agreement, the visiting club has first choice of timing for its press conference and training session, provided that these times are confirmed by the deadline set by UEFA. In the event of a dispute, UEFA's decision is final. Clubs may only change their MD-1 plans on account of force majeure and with the agreement of UEFA. If both training sessions take place at the stadium, the clubs must ensure that there is a gap of at least 30 minutes between the end of the first training session and the start of the second. Training sessions that start earlier than scheduled must nevertheless be open to the media during the pre-advertised time frame.
- 81.03** The provisions of [Paragraph 81.01](#) also apply if the away club holds its official MD-1 training session at its own training ground before travelling. In addition, when requested, the club must provide UEFA with high-definition footage of the open part of the training session. If in such cases the away club holds a walk-around at the stadium, this activity must be open to the media.
- 81.04** Each club must hold a pre-match press conference the day before the match. Each press conference must be attended by the head coach of the team and at least one player. If the head coach is suspended for the match, clubs have the option of making the assistant coach available for the pre-match press conference instead. The two press conferences must be arranged by the two clubs and UEFA together, so that the media can attend both. Press conferences must start between 12:00 and 20:00 local time. Exceptions to these timings must be agreed in advance with UEFA. Press conferences may be broadcast live regardless of location, and clubs must provide facilities for such live broadcasts, including cable routes and parking for TV vehicles.
- 81.05** The press conferences must take place in the stadium where the match will be played, unless the host club wishes to stage its press conference at its training ground. Visiting clubs must hold their press conferences at the match stadium. In exceptional circumstances, a visiting club may be permitted to stage its press conference in an alternative location, provided the arrangements are approved in advance by UEFA.
- 81.06** The host club is responsible for providing the necessary technical infrastructure and services at pre-match press conferences at the match stadium, as well as a qualified interpreter with a strong knowledge of football. If the press conferences are held in a location other than the match stadium, each club is responsible for providing the necessary technical infrastructure and services, including an interpreter, at its chosen location. Wherever possible, simultaneous interpreting facilities must be offered.

-
- 81.07** If a club organises additional pre-match media activities, such as a mixed zone, such activities may supplement but not replace the pre-match press conference.
- 81.08** If requested by UEFA, each club must make its head coach and one player available the day before each of its matches for a short interview with the main audiovisual rights-holder from its country and the main audiovisual rights-holder of the country of the opposing club.
-

Article 82 Matchday media activities

- 82.01** Pre-match, half-time and post-match interviews with each club may take place at the stadium as follows. Timings and locations are agreed in advance by UEFA and each club.
- The clubs must make the head coach and a player on the match sheet available for a short interview before the match, related exclusively to the match in question. In principle, this interview is conducted by the main audiovisual rights-holder of the country of the club.
 - Additional pre-match interviews may be conducted with the head coach and players, subject to their agreement.
 - A half-time interview may be conducted with the head coach, the assistant coach or players, subject to their agreement.
 - Post-match super-flash interviews are conducted after the match in a designated area located next to or on the pitch or between the pitch and the dressing rooms. The head coach or a key player, i.e. a player who had a decisive influence on the result, must be available for a minimum of one super-flash interview with the main audiovisual rights-holder of the country of the club. If that audiovisual rights-holder does not request a super-flash interview, then this opportunity passes to another audiovisual rights-holder as determined by UEFA.
 - Flash interviews and indoor studio interviews are obligatory and take place after the match in a designated area. Each club must, if requested, provide three interviews with the main audiovisual rights-holder of its country, two interviews with each of the other unilateral audiovisual rights-holders, and one interview with each of the audiovisual rights-holders operating in any multilateral flash interview position. The head coach, if requested, must be available for at least five of the above interviews, including at least one with an audiovisual rights-holder operating in a multilateral flash position. The UEFA player of the match, if requested, must be available for at least four of the above interviews, including at least one with an audiovisual rights-holder operating in a multilateral flash interview position, except in exceptional circumstances. Clubs must ensure that the head coach and players are available for such interviews within 15 minutes of the end of the match, except in exceptional circumstances.
 - A player selected for a doping control may give post-match interviews subject to the approval of the UEFA doping control officer and provided that the player is escorted by a chaperone appointed by the UEFA doping control officer.

- g. Any of the above interview opportunities granted to club media platforms must first be granted to audiovisual rights-holders determined by UEFA, and according to the conditions specified in the *UEFA Women's Champions League Club Manual*.
- h. If any of the above obligatory interviews is not conducted by the relevant audiovisual rights-holder(s), UEFA may conduct such interviews under the same conditions and to be shared with other audiovisual right-holders.

82.02 The post-match press conferences at the stadium must start no later than 20 minutes after the final whistle. The host club is responsible for providing the necessary technical infrastructure and services, including a qualified interpreter with a strong knowledge of football. Both clubs must make their head coach available for their press conference.

82.03 After the match, a mixed zone where reporters can conduct interviews must be set up for the media and audiovisual rights-holders on the way from the dressing rooms to the team transport area. The mixed zone must be accessible only to coaches, players, representatives of the media and audiovisual rights-holders. The first section of this area must be reserved for audiovisual rights-holders, UEFA and official club platforms. Two further sections must be provided for non-rights-holders and the press. The host club must ensure that the whole mixed zone is safe for the teams to walk through. Several players from each team who have participated in the match, either in the starting line-up or as substitutes, are obliged to pass through the entire mixed zone, and clubs must make every effort to ensure that each active member of the team undertakes this responsibility at least once during the season. A minimum of one player per team is obliged to conduct interviews in each section at each match. Clubs are responsible for ensuring that the relevant players pass through the mixed zone and conduct the relevant interviews.

82.04 If the head coach is suspended for the match or is sent off during the match, the club has the option of making the assistant coach available for all obligatory matchday media activities instead.

Article 83 Additional media activities

- 83.01** Clubs must make every effort to deliver additional media activities, including:
- a. individual requests from audiovisual rights-holders for interviews and access to training sessions;
 - b. requests from UEFA for access and interviews as defined in the *UEFA Women's Champions League Club Manual*.

Article 84 Access days

84.01 Upon UEFA's request, each club that qualifies for the league phase must provide UEFA with access to all A-list players, an agreed selection of eligible B-list players in their squad, the head coach and the assistant coach for a squad access day in order

to gather the following content for host broadcaster operations and UEFA digital platforms:

- A green screen (or similar) filming session with all players, the head coach and the assistant coach;
- A photography session, at two stations, with all players, the head coach and the assistant coach;
- A digital/corporate content session with ten players and the head coach;
- An interview session with two players and the head coach.

UEFA and the club will agree in advance on the date, time and location of the squad access day and on which players will be made available for which sessions. Each team's squad access day will take place no later than four days before the team's first match in the league phase unless alternative arrangements are agreed by the team and UEFA. If a selected player becomes unable to participate in any part of the squad access day, the club must inform UEFA as soon as reasonably possible, and ensure that another player is made available as a replacement, or another suitable alternative is provided that is acceptable to UEFA.

84.02 In addition, during the league and knockout phases, UEFA will produce a match promo and special featured content around one selected match in each matchweek, to grow audience size and engagement and to drive appointments to view. A team whose match is selected must provide access to selected A-list players and the head coach to produce tailor-made content for this purpose.

84.03 UEFA and the club will agree in advance on the date, time and location of this additional filming and on which players will be made available. If a selected player becomes unable to participate in any part of the promotional content filming, the club must inform UEFA as soon as reasonably possible and ensure that another player is made available as a replacement, or another suitable alternative is provided that is acceptable to UEFA.

84.04 Upon UEFA's request, clubs that qualify for the final must provide access as follows:

- a. Interviews and sessions to obtain digital/promotional content with a minimum of two players and the head coach no later than five days after the team's semi-final second leg;
- b. Green screen (or similar) filming with all eligible A-list and B-list players who may form part of the final team as well as the head coach and assistant coach no later than seven days before the final; and
- c. An additional photo shoot with a minimum of four players from the team as well as the head coach no later than seven days before the final.

84.05 Full details of these obligations are set out in the *UEFA Women's Champions League Club Manual*.

Article 85 Provisions specific to the final

- 85.01** The clubs participating in the final must hold a media open day on dates proposed by UEFA. The exact timings are agreed in advance with UEFA. The access day must consist of, as a minimum, a press conference with the head coach, a fully open one-hour training session using the official match balls, flash interviews with the head coach and key players by audiovisual rights-holders and in a mixed zone, and any UEFA activity mentioned in [Paragraph 84.04](#). Broadcasters present in the flash positions should receive a minimum of two interviews each. In principle, the full team must be made available on that day and the activity can take place either at the stadium or at the training ground.
- 85.02** Each club competing in the final should hold its training session in the match stadium on the day before the match. The entire training session shall be open to the media.
- 85.03** UEFA reviews all broadcast facilities, positions, access and operations for the final and adapts the plans and requirements accordingly to ensure the highest possible standard of coverage.
- 85.04** The pre- and post-match press conferences are co-led by a dedicated UEFA press officer and a club press officer.
- 85.05** The club that wins the final must provide at least four post-match interviews for the main audiovisual rights-holder of the country of the club and two interviews for each of the remaining broadcasters. A broadcaster with a super-flash interview position must receive at least two interviews on the pitch. Any player conducting an interview with its official club platform is subject to the same rules that are applicable in the season.
- 85.06** The club that loses the final must, if requested, provide three interviews with the main audiovisual rights-holder of its country, two interviews with each of the other unilateral audiovisual rights-holders, and one interview with each of the audiovisual rights-holders operating in any multilateral flash interview position. All interviews must be conducted within 45 minutes of the trophy lift.

Article 86 Media access

- 86.01** The host club is responsible for organising a media accreditation system (accreditation cards, bibs, etc.) and for delivering the relevant accreditations to all media representatives:
- written press;
 - photographers;
 - audiovisual rights-holders;
 - audiovisual non-rights-holders.

-
- 86.02** No media representatives are allowed to go on to the field of play before, during or after the match, with the exception of UEFA-approved camera crews and UEFA-approved audiovisual rights-holder activities including, but not limited to, MD-1, pre- and post-match presentations and interviews.
- 86.03** Only a limited number of photographers, camera operators and production staff of the audiovisual rights-holders – all equipped with the appropriate pitch-access accreditation – are allowed to work in the area between the boundaries of the field of play and the spectators (see [Annex F](#)).
- 86.04** No media representatives may enter the tunnel, with the exception of UEFA-approved camera crews and UEFA-approved audiovisual rights-holder activities.
- 86.05** No media representatives may enter the team dressing rooms, with the following exceptions:
- UEFA-approved audiovisual rights-holders may enter the team dressing rooms prior to the arrival of the teams to film the players' shirts and equipment.
 - Subject to the prior agreement of the clubs, UEFA-approved audiovisual rights-holders may access the team dressing rooms at an arranged time:
 - to film a brief presentation of the dressing room; and/or
 - to film the players inside the dressing room.
- 86.06** Accredited non-rights-holders have access to the press conferences and training sessions on the day before each match, as well as the post-match press conferences and mixed zone. Non-rights-holders may also, if space permits, be allocated seats without desks in the media sector of the main stand. On entering the stadium, cameras and any other recording or broadcasting equipment belonging to audiovisual non-rights-holders must be deposited in a secure location. Such equipment may only be retrieved after the match, including any extra time and penalty shoot-out.

Article 87 Media facilities

- 87.01** Clubs must provide a working area with desks, power supply and cabled or Wi-Fi internet connections for at least 20 journalists as from the league phase.
- 87.02** Clubs must provide seats in a media sector in a central, covered part, ideally on the same side as the main camera platform with an unobstructed view of the entire field of play and its immediate vicinity. At least 20 seats must be made available as from the league phase, all equipped with desks, power and internet connections. Such seats are in addition to the commentary positions reserved for audiovisual rights-holders.
- 87.03** Clubs must also provide a press conference room. As from the league phase this must have a minimum of 20 seats, and must be equipped with a top table and podium large enough to accommodate four people and a backdrop, a camera platform, a sound system (microphones, loudspeakers and split box) and adequate lighting for broadcasting. The press conference room may be part of the media area if this is inside the stadium. In addition, the club must ensure the mixed zone and

other media facilities and services are provided in accordance with the requirements laid down in the *UEFA Women's Champions League Club Manual*.

- 87.04** Internet connections for media must be dedicated networks and be provided free of charge.

Article 88 Audiovisual rights-holder facilities

- 88.01** Clubs involved in the league phase onwards have certain obligations towards the host broadcaster and other audiovisual rights-holders for these matches. Audiovisual rights-holder facilities to be provided by the club are defined below, with the camera positions explained in detail in [Annex E](#).
- 88.02** The clubs must provide the audiovisual rights-holders, free of charge, with the necessary technical assistance, facilities, power and access for technical personnel.
- 88.03** UEFA media requirements include, but are not limited to, the facilities defined below. Clubs may not charge the audiovisual rights-holders and/or the UEFA audio media partners for any general installation costs relating to their production requirements.
- 88.04** Clubs are required to provide the facilities, including, where necessary, through the removal of seats and the non-sale of tickets, for the construction of camera platforms, studios and commentary positions. Any temporary construction such as scaffolding must be checked and approved by the relevant safety authorities. Production plans, including camera and commentary positions, will be confirmed to the clubs five days before the match at the latest.
- 88.05** Up to five commentary positions are required for the league phase matches and up to eight for the knockout phase matches. Commentary positions must have three seats each, be located between the 16m lines in the same stand as the main cameras and be equipped with the necessary power, lighting and phone/internet connections (in addition there must be access to a dedicated internet connection for all broadcasters in relation to VAR decision). The commentary positions must be secure and not accessible to the general public. In addition, a total of five observer seats must be available for league phase matches, and a total of ten observer seats for knockout phase matches.
- 88.06** Two additional commentary positions, one for each team, must be made available and reserved for the clubs' technical filming. The location and requirements of these positions are the same as for other commentary positions. These positions will be released back to the host club if not required.
- 88.07** Clubs must provide space for the installation of a statistical data collection system as defined by UEFA in the *UEFA Women's Champions League Club Manual*.

-
- 88.08** As of the league phase and at the request of audiovisual rights-holders, clubs must provide at least the following:
- a. One "indoor" studio individually enclosed and measuring at least 5m x 5m x 2.3m. The studio should be close to the dressing rooms to allow easy access for coach and player interviews.
 - b. One "pitch view" studio (at least 5m x 5m x 2.3m of open and usable space), with an unrestricted view of the field of play, e.g. an executive box, or space for such a studio to be installed, if safety and security considerations permit.
 - c. One "tribune presentation platform" with an unrestricted view of the field of play (at least 3m x 3m of secured and usable space) or space for such a platform to be installed. Should a position with a view of the pitch not exist in the stadium, its construction will be only requested if this does not entail any additional loss of seats for the club. UEFA may instead request a presentation platform among the commentary positions, should the full allocation not be required for a given match. If none of the above solutions can be implemented, the club must provide a second "indoor" studio (at least 5m x 5m x 2.3m, individually enclosed with easy access for coaches and players).
- 88.09** Clubs must provide space for at least three flash-interview positions for the league phase matches and up to five flash-interview positions for knockout phase matches. These should be located between the team benches and the dressing rooms and should each measure 3m x 4m.
- 88.10** Clubs must ensure that pre-match, half-time and post-match pitchside presentations can be conducted by audiovisual rights-holders. To this end, clubs must make space available next to the playing surface. This space should be split into no more than two areas, each area totalling a minimum of 8m x 3m.
- 88.11** A parking area of at least 500m² of useable space must be provided for league phase and knockout phase matches, except that clubs must additionally use their best efforts to provide at least 1,000m² of useable space for such knockout phase matches. Some matches with high media interest might also require more space than the amounts set out above. Clubs shall provide full support to meet these needs, taking into account the useable space available. The parking area should be on the same side as the main cameras and must be made secure from the public. The surface and the layout of such space must also be suitable for parking any OB vehicles. If the broadcast compound has an obstructed view of the southern horizon, an additional area may be required nearby for satellite uplink vehicles. Any such area must be no more than 50m away from the centre of the broadcast compound and must be at least 50m², to accommodate at least two satellite uplink vehicles, during the league phase and at least 100m², to accommodate at least four satellite uplink vehicles, during the knockout phase.
- 88.12** All security measures that may be reasonably required to safeguard and control the audiovisual rights-holder areas (including the OB van area) are the responsibility of the club. The security of all audiovisual rights-holder areas is the responsibility of the club. These areas must not be accessible to the public and should have 24-hour

manned security from the start of installations to the departure of all audiovisual rights-holder personnel and equipment.

- 88.13** Clubs must provide the necessary cabling infrastructure (e.g. cable bridges, trenches) to enable the audiovisual rights-holders to install all cables safely and securely. Moreover, where requested, access to pre-cabled systems in stadiums should be free of charge to all audiovisual rights-holders.
- 88.14** Clubs must make any existing power supply available in the outside broadcast (OB) van area. In addition, clubs must provide the required power to commentary positions, pitch-view studios, pitchside presentation positions, the referee review area (if applicable), indoor studios and flash interview positions. The aforementioned power must be provided free of charge.
- 88.15** Clubs must make four internet lines available in the outside broadcast (OB) van area for use by UEFA's or the host broadcaster's graphics supplier, the GLT supplier (if applicable), the VAR system (if applicable), and transmission distribution supplier as of the day before the matchday. If four internet lines do not already exist within the stadium's infrastructure, clubs must bear the relevant rental costs.
- 88.16** The host club must provide broadcasters with dedicated Wi-Fi, free of charge, in all broadcast areas, including pitchside presentation positions, flash positions, the broadcast compound, studios, commentary positions, observer seats and the mixed zone. The host club must make every effort to ensure that telecommunications suppliers can install internet lines to pitchside presentation positions and flash interview positions.

Article 89 Photographer facilities

- 89.01** Photographers may work behind the advertising boards along the goal lines and, if space allows, along the touchline opposite the team benches. Photographers may only change ends at half-time or, if applicable, during the interval before the start of extra time and before the penalty shoot-out.
- 89.02** The host club must provide photographers with pitchside seats with internet connections, as well as a working area with desks, power, and internet connections for at least 10 photographers. Best efforts should be made to provide cabled internet connections. All internet connections for photographers must be dedicated networks and provided free of charge.
- 89.03** Photographers may attend the pre- and post-match press conferences, space permitting.
- 89.04** Each photographer must obtain – and sign for – the appropriate UEFA Women's Champions League photographer's bib before the match and must return it before leaving the stadium. The bib must be worn at all times, with the number clearly visible on the back.

-
- 89.05** The host club is responsible for assigning sufficient personnel to distribute UEFA-provided bibs to photographers prior to the match and collect these bibs when photographers leave the stadium during or after the match.
- 89.06** Photographs taken by officially accredited photographers may be published online for editorial purposes only, subject to the following conditions:
- a. they must appear as stills and not as moving pictures or quasi-video;
 - b. there must be an interval of at least 20 seconds between postings of photographs.

Article 90 Audio media

- 90.01** Requests for audio accreditation and technical installations must be sent to the host club by the Friday before the match at the latest.
- 90.02** Audio reporters are not allowed to enter the field of play nor may they access the pitch, tunnel, dressing rooms or flash interview area. They may attend the post-match press conferences and will be granted access to the mixed zone.

Article 91 Principles for all media

- 91.01** Media equipment and personnel may not obstruct the view or movement of, or cause confusion for referees, players or coaches.
- 91.02** All media representatives must respect the needs of other media colleagues.
- 91.03** Media must respect the needs of the players and coaches. Interviews may be conducted only in areas defined and approved by UEFA. Reporters must not approach players or coaches for interviews or comments during play.
- 91.04** Media equipment and personnel should not obstruct the spectators' view of the field of play. Media cameras should not record the crowd in a manner which could cause any dangerous activity.
- 91.05** Any media equipment and personnel must be positioned in such a way that they do not present any danger to players, team officials or the referee team. The field of play itself must always be kept free of cameras, cables and media personnel, except for UEFA broadcast and media activities agreed upon in advance. Typical media equipment locations are set out in [Annex E](#) and in [Annex F](#).

XV Closing Provisions

Article 92 Implementing provisions

- 92.01 The UEFA administration is entrusted with the operational management of the competition and is therefore entitled to take the decisions and adopt the detailed provisions and guidelines necessary for implementing these regulations (including the *UEFA Women's Champions League Club Manual* and the *UEFA Women's Champions League Brand Manual*).

Article 93 Unforeseen circumstances

- 93.01 Any matters not provided for in these regulations, such as cases of force majeure, will be decided by the UEFA Emergency Panel or, if not possible due to time constraints, by the UEFA President or, in his absence, by the UEFA General Secretary. Such decisions are final.

Article 94 Non-compliance

- 94.01 Non-compliance with the obligations set out in these regulations may lead to disciplinary measures in accordance with the *UEFA Statutes*, the *UEFA Disciplinary Regulations* and the *Procedural rules governing the UEFA Club Financial Control Body*.

Article 95 Court of Arbitration for Sport (CAS)

- 95.01 In the event of litigation resulting from or in relation to these regulations, the provisions regarding the Court of Arbitration for Sport (CAS) laid down in the *UEFA Statutes* apply.

Article 96 Annexes

- 96.01 All annexes form an integral part of these regulations.

Article 97 Authoritative version

- 97.01 If there is any discrepancy in the interpretation of the English, French or German versions of these regulations, the English version prevails.

Article 98 Adoption and entry into force

- 98.01 These regulations were adopted by the UEFA Executive Committee on 11 February 2026 and came into force on 1 March 2026, with amendments approved on 20 May 2026, which came into force immediately. Further amendments were approved on 29 July 2026, which come into force immediately.

Annex B - UEFA Women's Champions League Competition System

UWCL KNOCKOUT PHASE

Annex D Coefficient Ranking System

D.1 System overview

UEFA calculates the coefficient of each club and association each season based on the clubs' results in the UEFA Women's Champions League and the UEFA Women's Europa Cup. The season coefficients from five seasons are used to determine the positions of the associations in the access list (association coefficient) and to rank the clubs for seeding purposes (club coefficient).

D.2 Reference periods for rankings

The associations' positions in the 2026/27 UEFA Women's Champions League and UEFA Women's Europa Cup access list ([Annex A](#)) are determined on the basis of the five-season association coefficients established at the end of the 2024/25 season, i.e. the cumulative total of the associations' season coefficients from seasons 2020/21 to 2024/25 inclusive.

The five-season club coefficients for the 2026/27 UEFA Women's Champions League and the UEFA Women's Europa Cup are established before the start of the 2026/27 season, on the basis of each club's season coefficients from seasons 2021/22 to 2025/26 inclusive.

D.3 Association coefficient calculation

The season coefficient of an association is calculated by adding up the points obtained by all its clubs in a given season of the UEFA Women's Champions League and UEFA Women's Europa Cup and then dividing the total by the number of clubs from that association that took part in the two UEFA women's club competitions in question.

Points are awarded as follows:

- a. 2 points for a win (1 point for qualifying matches);
- b. 1 point for a draw (0.5 points for qualifying matches);
- c. 0 points for a defeat.

For previous seasons, points are awarded in accordance with the relevant competition regulations for that specific season.

If a club refused to enter a UEFA competition for which it qualified, or was excluded from or not admitted to the competition and was not replaced by another club from the same association, the association's coefficient is calculated by dividing the total number of points obtained by its clubs by the number of clubs the association was entitled to enter according to the access list.

D.4 Club coefficient calculation

The season coefficient of a club is calculated by adding up the total number of points it obtained in a given season of the UEFA Women's Champions League or UEFA Women's Europa Cup in accordance with this Annex D of the competition regulations for that season. A club's five-season coefficient is the cumulative total of its five season coefficients from the reference period stipulated in [Annex D.2](#) or 20% of its association's five-season association coefficient, whichever is higher. Points awarded each season are in accordance with the relevant competition regulations for that specific season, so [Annex D.4.1](#) and [Annex D.4.2](#) apply only to the awarding of points in the 2026/27 season.

D.4.1 Points awarded in the UEFA Women's Champions League

- a. First qualifying round:
 - 0.5 points for a club defeated in a third-place match
 - 1 point for the winner of a third-place match (four-team mini-tournament) or a club defeated in a MD1 semi-final (three-team mini-tournament)
 - 1.5 points for a defeated finalist
- b. Second qualifying round:
 - 2 points for a club defeated in a third-place match
 - 1 point for the winner of a third-place match (four-team mini-tournament) or a club defeated in a MD1 semi-final (three-team mini-tournament)
 - 1.5 points for a defeated finalist
- c. Third qualifying round:
 - 2 points for each defeated team
- d. League phase onwards (except knockout phase play-offs)
 - 2 points for a win
 - 1 point for a draw
 - 0 points for a defeat

D.4.2 Points awarded in the UEFA Women's Europa Cup

- a. First qualifying round:
 - 1.5 points for each club eliminated in the first qualifying round.
- b. Second qualifying round:
 - 2 points for each club eliminated in the second qualifying round.
- c. Round of 16 onwards:
 - 2 points for a win
 - 1 point for a draw
 - 0 points for a defeat

D.5 Bonus points

Clubs are awarded the following bonus points based on their final position in the league phase rankings:

League phase ranking

UEFA Women's Champions League (UWCL)

1	10.000
2	9.750
3	9.500
4	9.250
5	9.000
6	8.750
7	8.500
8	8.250
9	8.000
10	7.750
11	7.500
12	7.250
13	7.000
14	7.000
15	7.000
16	7.000
17	7.000
18	7.000

Clubs that reach the round of 16 in the UEFA Women's Europa Cup are awarded 2.5 extra points. Clubs that reach the quarter-finals, semi-finals or final are awarded 1 extra point for each such round in the UEFA Women's Champions League, and 0.5 extra points for each such round in the UEFA Women's Europa Cup.

These bonus points are also included in the association coefficient calculation.

D.6 Calculation principles

Match points are awarded based on the final scores ratified by UEFA. Penalty shoot-outs do not count.

Coefficients are calculated to the thousandth and not rounded up.

If competition rounds are changed and matches are played as single legs instead of home and away, the points awarded under [Annex D.3](#), [Annex D.4.1\(d\)](#) and [Annex D.4.2\(b\)](#) are adapted as follows:

- a. 3 points for a win in regular time or extra time (1.5 points for qualifying matches);
- b. 2 points for a draw in extra time (1 point for qualifying matches);
- c. 1 point for a defeat in regular time or extra time (0.5 points for qualifying matches).

This does not apply to the final of the UEFA Women's Champions League.

D.7 Equal coefficients

If two or more clubs are ranked equally, the following criteria are applied, in the order given, to determine their final rankings:

- their coefficients in the most recent of the seasons on which the rankings are based;
- their coefficients in the next most recent season in which they are not equal;
- their national associations' coefficients;
- their positions in their domestic championships in the most recent season.

If two or more associations are ranked equally, the following criteria are applied in this order, to determine their final rankings:

- their coefficients in the most recent of the seasons on which the rankings are based;
- their coefficients in the next most recent season in which they are not equal.

D.8 Final decisions

The UEFA administration takes final decisions on any matters not provided for in this annex.

Annex E Media and Camera Positions

E.1 Introduction

In order to guarantee a consistently high standard of coverage for all matches, there should be a minimum number of camera positions for the host broadcaster, all of which may be equipped with microphones to capture ambient sound, plus additional positions available to audiovisual rights-holders to supplement their coverage. Clubs must ensure that all the camera positions described below can be accommodated, unless they present any safety or security risk. All cameras must respect the minimum distances from the touchlines and team benches indicated in [Annex F](#), unless otherwise agreed by UEFA owing to specific permanent stadium infrastructure conditions (e.g. existing pitch surrounding installations, including the technical area). All pitch-facing camera positions mentioned in this annex must provide an unobstructed view of the whole pitch. All camera platforms must be installed in accordance with Article 33 of the *UEFA Stadium Infrastructure Regulations*. Additional cameras, camera technology or equipment may be used for selected matches during the cycle and may require new or additional positions in the stadiums concerned. Subject to space availability and safety and security considerations, such camera positions may be approved by UEFA on a case-by-case basis in consultation with the audiovisual rights-holders and clubs involved.

E.2 List of camera positions

E.2.1 Main cameras

Main cameras must be positioned exactly in line with the halfway line, facing away from the setting sun. They must be positioned at a height above the pitch that guarantees an optimum and unobstructed view of the entire field of play and its immediate vicinity and, in principle, when focusing on the centre spot on the pitch, be at an angle of 12 to 15-degrees relative to the horizontal plane.

E.2.2 Pitchside halfway camera

A fixed camera must be positioned on the halfway line at pitch level for close-up shots of players. It must be on the same side of the pitch as the main cameras, near the touchline and at a minimum distance of three metres from the playing field. If this camera is positioned between the team benches, at a distance of three metres from each team bench, a solution must be found to ensure an unimpeded view of the field of play and the team benches for the fourth official as well as a clear view of the field of play for key club personnel seated on the team benches (e.g. the head coach and assistant coaches).

E.2.3 16m cameras

Two cameras located on the same side and at least at the same height as the main camera platform, facing each of the 16m lines.

E.2.4 Low behind-goal cameras

Cabled cameras and non-cabled cameras of audiovisual rights-holders are positioned in the two areas made available behind each goal, one on the side closest to the main camera and one on the far side of the goal. Each area must be at least ten metres long by two metres wide and must run from the 5m line towards the corner flag, taking into account the useable space available.

E.2.5 Bench cameras

Up to two portable cameras, located outside the technical areas and in fixed positions unless agreed otherwise, may be installed to film the team benches. Bench cameras may not use microphones to pick up sound from the technical area and must be at a minimum distance of three metres from both the playing field and each team bench.

E.2.6 Beauty-shot camera

This fixed camera is mounted high in the stadium to give a panoramic static shot of the stadium.

E.2.7 High behind-goal cameras

One camera is installed in the stands behind each goal, in principle aligned with the centre of the pitch and high enough to view the penalty spot over the crossbar.

E.2.8 Reverse-angle cameras

For reverse-angle coverage, one camera must be located in the stands, in principle at the same level as or lower than the main cameras and aligned with the centre of the pitch, and up to three pitchside cameras may be located on the opposite side of the stadium from the main camera and at least three metres from the playing field. During the knockout phase, space for a second camera in the stands must be made available upon request.

E.2.9 20m cameras

Two fixed pitchside cameras are installed on the same side as the main camera facing each of the imaginary 20m lines, at a minimum distance of three metres from the playing field. A solution must be found to enable a clear view of the field of play for key club personnel seated on the team benches (e.g. the head coach and assistant coaches).

E.2.10 Tunnel cameras

Cameras pre-approved by UEFA can film the following activities in the area between the field of play and the dressing-room area:

- Team arrivals as far as the dressing room;
- Players in the tunnel just before entering the field for the pre-match warm-up and before the start of the first and second halves;

- Players returning from the field after the pre-match warm-up, at the end of the first half and at the end of the match.

E.2.11 6m cameras

Two cameras between pitch level and five metres above the pitch, located on the same side as the main camera and facing the 6m line, space permitting and as long as these cameras do not obstruct anyone's view.

E.2.12 Steadicams

Host broadcasters may use up to two Steadicams for match coverage, unless otherwise agreed by UEFA, each covering half of the pitch and located on the same side as the main camera. These cameras can operate in a zone extending along the touchline as far as the technical area, and along part of the goal line. If agreed in advance, the host broadcaster may be permitted to use Steadicams around the whole perimeter of the pitch for a short period of time during the pre-match warm-up.

E.2.13 Mini-cameras

Mini-cameras may be placed directly behind the goal net. Any mini-cameras at ground level or on a stand must be placed beyond the maximum stretch limit of the net. This includes the stand and any additional weights, materials, etc. Mini-cameras may also be attached to the poles that support the net or the cable connecting the back of the net to the vertical stanchions directly behind the goal. However, no camera may be attached to the net or the actual goalposts or crossbar.

E.2.14 On-field cameras

UEFA-approved cameras (e.g. Steadicams and handheld cameras) can be used on the field of play, in accordance with any guidelines provided by UEFA and respecting any applicable predefined positions, for player close-ups and to cover UEFA-approved activities at the following times:

- On MD-1;
- During the pre-match period and post-match periods;
- At half-time;
- During penalty shoot-outs.

E.2.15 Aerial camera systems

Aerial camera systems operating above the pitch may be used. Such cameras must operate at a minimum height, defined in advance by UEFA.

E.2.16 Rail camera system

Remote rail camera systems are permitted on the same side as the main camera and on the opposite side, in accordance with [Annex F](#), and in the areas between the back of the goals and the advertising boards. Any cameras installed along the touchlines must be at least three metres from the pitch. Cameras installed behind the goals

within the width of the goal posts must be placed beyond the maximum stretch limit of the net.

E.2.17 Crane/jib/pole cameras

Crane, jib or pole cameras are permitted behind the goal if they do not pose a security risk to players, spectators or any other persons operating in this area and if they are set up in accordance with the respective guidelines issued by UEFA.

E.2.18 Corner cameras

Upon request, space must be made available for one camera in each corner on the opposite side of the stadium to the main camera, located in the stands approximately five metres above the pitch.

E.2.19 Cameras in the stands

Handheld-camera crews may film supporters in the stands, subject to the prior agreement of the club and UEFA.

Annex G Club Media Rights Guidelines

G.1 Introduction

- G.1.1 For the purposes of these *Club Media Rights Guidelines*, the terms defined in [Paragraph 2.02](#) apply accordingly and the following terms have the following meanings:

"24:00"

means midnight at the end of the relevant day (for example "Thursday 24:00 CET" means midnight CET at the end of Thursday);

"club branded content service"

means each official club platform and each third-party digital service (as defined below);

"club channel"

means each official club-branded audio-visual linear channel programme service, as recognised as such by the club, being owned and/or controlled by the club and exclusively dedicated to the club (e.g. club television channel);

"club-dedicated programme"

means any club magazine programme, club documentary and/or club season review which (i) shall focus on the club and therefore be club branded and fully dedicated to the club and (ii) shall be long-form in nature (i.e. minimum 20 minutes in duration net of commercial airtime but not containing more than 20 minutes of match action per match);

"club digital service"

means each official club-branded audio-visual digital content service, as recognised as such by the club, being owned and/or controlled by the club, exclusively dedicated to the club and made available on the internet (e.g. club website, club mobile app), but excluding any third-party digital services;

"club media partner"

means each third-party (excluding any third-party digital service operator) which a club may contract with or appoint to exploit certain media rights on its behalf, including third-party agencies, broadcasters, internet service providers, platform operators, mobile network operators and/or fixed-media producers/distributors;

"delayed rights"

means non-live media rights in respect of UEFA Women's Champions League matches in which the club has participated;

"live rights"

means live media rights in respect of UEFA Women's Champions League matches in which the club participates;

"match"

means each match of the competition, which term shall be deemed to include, the period of five minutes immediately prior to kick-off and any extra-time period(s) and penalties;

"material"

has the meaning attributed to it in [Annex G.3.3](#) of these regulations;

"official club platform"

means each club channel and club digital service;

"relevant breach"

has the meaning attributed to it in [Annex G.5.3.7](#) of these regulations;

"relevant content"

has the meaning attributed to it in [Annex G.5.3.3](#) of these regulations;

"third-party digital service"

means any digital service not owned or controlled by the club (excluding any metaverse) on which the club and/or the player has an official branded section (as recognized as such by the club and/or the player) and which includes

- i. any online interactive third-party digital platform (including social media platforms such as Facebook, Instagram, Twitter and Snapchat) that allows users to create, post, share, exchange, and/or view digital information, communications and content (including audio-visual content) in virtual communities and networks; and
- ii. any other similar third-party digital platform, including any user-generated content-sharing platform, any video-sharing platform (such as YouTube) and any live video-streaming platform (such as Periscope);

"third-party digital service operator"

means each owner and/or operator of each third-party digital service (excluding any club media partner) which the club contracts with to exploit certain media rights on its digital platforms;

"UC3 media partner"

means each partner which UC3 may contract with or appoint to exploit certain media rights, including third-party agencies, broadcasters, internet service providers, platform operators, mobile network operators and/or fixed-media producers/distributors; and

"UEFA/UC3 guidelines and regulations"

means the relevant applicable guidelines and regulations issued by UEFA/UC3 following the relevant procedure (including, when relevant, any regulations, guidelines and/or instructions as UEFA/UC3 may issue to the UC3 media partners) from time to time with which the clubs are required to comply pursuant to [Annex G.1.5](#).

-
- G.1.2 Central marketing is essential for solidarity and for the branding of the competition. Accordingly, the core UEFA Women's Champions League media rights (live and certain delayed rights) are exclusively centrally marketed by UC3.
 - G.1.3 UEFA/UC3 has issued these *Club Media Rights Guidelines* outlining the rules for the exploitation of certain UEFA Women's Champions League media rights by clubs for the matches in which they participate with a view to further harmonising the exploitation of media rights by UEFA/UC3 and the clubs.
 - G.1.4 The compliance of all parties with these *Club Media Rights Guidelines* is essential to the overall success of the commercial programme. If a club, club media partner and/or third-party digital service operator (subject always to the provisions of [Annex G.5.3.6](#) and of [Annex G.5.3.7](#) below) does not comply with these *Club Media Rights Guidelines* then, without prejudice to any other term of these regulations, disciplinary and/or economic sanctions (including the withholding of prize/participation payments) may be taken against the club by the relevant UEFA/UC3 body (in addition to any ordinary legal remedies that may be available).
 - G.1.5 Any and all exploitation of the rights granted to clubs under these *Club Media Rights Guidelines* is subject to the clubs' compliance at all times with the UEFA/UC3 guidelines and regulations.
 - G.1.6 All media rights which are not granted to clubs for exploitation in these *Club Media Rights Guidelines* may be exploited exclusively by UEFA/UC3. All media rights being exploited by UEFA/UC3 and/or centrally marketed by UC3 may be exploited, at UC3's discretion, (i) by UC3 media partners under conditions to be defined by UC3, and (ii) by UEFA/UC3 itself, in particular via its digital media services (including services carried on third-party platforms). For the avoidance of doubt and in accordance with these regulations, any sponsorship, supplier or merchandising rights relating to the competition shall be exploited exclusively by UEFA/UC3.

G.2 General conditions applicable to all media rights exploited by clubs

- G.2.1 All commercial contracts that a club enters into for the exploitation of media rights on club-branded content services and/or through club media partners must incorporate these *Club Media Rights Guidelines* so that they are binding on the clubs, the third-party digital service operators and the club media partners. Clubs are responsible and liable to UEFA/UC3 for the compliance of the club media partners and third-party digital service operators with these *Club Media Rights Guidelines* (subject always to the provisions of [Annex G.5.3](#) below).
- G.2.2 Without prejudice to [Paragraph 72.05](#), the maximum duration of such commercial contracts is five competition seasons (2025/26, 2026/27, 2027/28, 2028/29 and 2029/30), ending, in any case, on 30 June 2030 at the latest.
- G.2.3 Clubs may exploit rights in perpetuity regardless of whether they are participating in the current UEFA Women's Champions League season, subject to the conditions imposed by the *Club Media Rights Guidelines* in force at the time of the rights being exploited.

- G.2.4** Clubs shall not create a programme or a product (including any pre-match or post-match programme and/or product) which competes with any UEFA/UC3 competition programme and/or any product centrally marketed by UC3. To this end, clubs shall not bundle rights with those of any other club participating in the UEFA Women's Champions League, including in relation to their club-branded content services, nor shall they allow their club media partners or third-party digital service operators to bundle rights. For example, clubs and club media partners shall not create a live quasi-video service through the combination of audio/radio commentary and sequential still photographs/images. Furthermore, the rights exploited by a club, including the relevant programmes/products, may not feature content of UEFA Women's Champions League matches in which the club is not participating.
- G.2.5** Any and all exploitation of rights by clubs on club-branded content services and/or via club media partners must be club-branded (in order not to create a programme/product which competes with a UEFA/UC3 competition programme/product centrally marketed by UC3). At the same time, UEFA/UC3 will not exploit rights dedicated to one single club (in order not to create a programme or product which competes with any club programme or product).
- G.2.6** No club, club media partner, and/or third-party digital service operator may use the competition logo, name, music, typography or trophy or any other competition designs, including images of the official ball, or graphics. UC3 and clubs acknowledge that in practice the following limited exceptions are permitted to the above rule: (i) any on-screen graphics and on-screen credits included by the host broadcaster in the raw feed (however, no use of the competition opening and closing sequences, match bumpers or break bumpers is permitted); (ii) use of the name "UEFA Women's Champions League" in a standard typography (UEFA Women's Champions League typography is specifically excluded) in a descriptive context to inform the consumer of the inclusion of competition content or in a purely editorial/descriptive context; (iii) use of the trophy image within still images of the winning club; and (iv) any use of competition branded items (such as microphone windshields) if specifically directed by UC3.
- G.2.7** No club, club media partner and/or third-party digital service operator may present itself as a partner of the competition or otherwise directly and/or indirectly associate itself (or the platforms on which it exploits the rights) and/or any third party, products or services with the competition.
- G.2.8** If a club exploits media rights, via its club-branded content services or via club media partners, it shall ensure that there is no interference with the raw feed, for example by adding, removing, editing or modifying any graphics, on-screen credits or other branding element. Notwithstanding the foregoing, clubs and/or club media partners (for the avoidance of doubt, expressly excluding any third-party digital service operator) may add:
- a. their normal corporate/channel identification logo provided the logo is placed in a corner of the screen in such a way that it does not disrupt any graphic or other information included in the raw feed; and

b. minor timing and/or score graphics and/or its normal captions for the commentator provided these are placed in such a way that they do not disrupt any graphic or other information included in the raw feed.

G.2.9 Clubs are liable to UEFA/UC3 for the protection of any and all broadcasts and transmissions as envisaged under these *Club Media Rights Guidelines* featuring audio, visual and/or audio-visual material of UEFA Women's Champions League matches against piracy or unauthorised re-transmission/use thereof and must therefore take all reasonable steps (and ensure that club media partners and third-party digital service operators take all reasonable steps), to the extent permitted by applicable laws, to prevent the unauthorised use, re-transmission or re-distribution of such broadcast and transmissions in full or in part. In addition to any sanctions available to UEFA under [Annex G.1.4](#) of these *Club Media Rights Guidelines*, any club failing to protect such material, or failing to ensure that its club media partners and third-party digital service operators protect such material, may be required by UC3 to immediately remove the content from the relevant programme or product and/or the relevant club-branded content service.

G.2.10 All technical transmissions (to and between transmission facilities, including uplinks and downlinks) from clubs, and/or club media partners must be encrypted on a high-level conditional-access basis.

G.2.11 In order to enable UC3 to have an overview of the exploitation of UEFA Women's Champions League media rights by all participating clubs, any club which exploits or intends to exploit any media rights must provide, at UC3's request, reasonable information to UC3 relating to such exploitation. UC3 will provide, at the club's request, reasonable information to the club relating to the UC3 media partners' exploitation.

G.2.12 In recognition of the convergence of technologies over which audiovisual content may be distributed, a platform-neutral approach has been implemented by UC3. In addition, media rights available to clubs are characterised using a time-window approach with the availability of rights during different time windows being dependent on both the type of content and the platform of exploitation. If the kick-off time of any of the matches changes, then the relevant embargo periods shall be adapted accordingly, unless instructed otherwise by UC3.

G.2.13 The clubs' coverage of activities open to the general media (i.e. the open part of training sessions, press conferences and the mixed zone) may be exploited by the clubs at their discretion.

G.3 Production and access to the feed

G.3.1 In respect of matches in which they participate, clubs may request the following production facilities/opportunities (subject to availability, safety and security restrictions at the relevant stadium, compliance with notification deadlines/

conditions and guidelines notified by UEFA/UC3 and payment of any technical costs):

- a. access to their team's official training session (beyond the 15 minutes portion which is open to the general media);
- b. pitch view studio;
- c. pitch side presentation position;
- d. behind-goal ENG filming position during the match;
- e. commentary position;
- f. flash interview position;
- g. access to the mixed zone; and/or
- h. access to the press conference.

In the event that availability or access is limited, priority shall always be given to UC3 media partners. Once UC3 media partners' requests have been fulfilled, priority shall be given to the clubs and subsequently to non-rights-holders.

Clubs' production activities should not interfere with the operations of UC3 media partners and clubs shall comply with UEFA/UC3's guidelines and regulations.

Production rights not envisaged in this [Annex G.3.1](#) are not, in principle, available to clubs. On-site decisions regarding these issues are made by UEFA/UC3 at its sole discretion.

G.3.2 At UEFA/UC3's request, any and all content produced and exploited by clubs pursuant to [Annex G.3.1](#) above must be shared by clubs with UC3 media partners and/or a third party appointed by UEFA/UC3 (in each case, as designated by UEFA/UC3 and in accordance with UEFA/UC3 guidelines and regulations) for exploitation by UEFA/UC3 and/or UC3 media partners. Notwithstanding the foregoing, any and all content produced and exploited by clubs from an area to which UC3 media partners do not have access (e.g. closed training sessions, existing fixed tunnel camera for pre-match content only) must be shared (without UEFA/UC3 being required to submit a request) by the clubs with UEFA/UC3, UC3 media partners and/or a third party appointed by UEFA/UC3 (as designated by UEFA/UC3 and in accordance with UEFA/UC3 guidelines and regulations) as soon as reasonably practical after the recording of such footage, but in any case prior to any exploitation by the clubs.

G.3.3 Each club hereby assigns to UEFA/UC3 free of charge (including where applicable by way of present assignment of future rights) all legal and beneficial right, title and interest (including all intellectual property rights) which it may from time to time acquire or hold throughout the world in and to any and all footage produced by it pursuant to [Annex G.3.1](#) and [Annex G.3.2](#) above (being "materials" for the purposes of [Annex G.3.3](#) and [Annex G.3.4](#)) (including any and all rights to transmit and/or re-transmit the relevant materials) whether vested, contingent or future, free of all liens and encumbrances for the full period of such rights therein (including any and all extensions, reversions and renewals thereof) and in any jurisdiction where such assignment does not take effect, the club:

- a. shall hold such rights for the benefit of UEFA/UC3 absolutely; and

-
- b. shall, and hereby does, grant to UEFA/UC3, free of charge, a worldwide, unrestricted, irrevocable, exclusive, transferable, sub-licensable and royalty-free licence in respect of all such rights for the entire term of those rights (including any and all extensions, reversions and renewals thereof).

Such assignment (and, if applicable, such licence) includes, among other things, the right to use, broadcast, transmit, publish, reproduce and modify the materials in any way known or not yet known, and to license third parties (including UC3 media partners) to do the same.

For the avoidance of doubt, the above-mentioned assignment (and if applicable, licence) is without prejudice to the rights granted to the clubs under these *Club Media Rights Guidelines*.

- G.3.4** All intellectual property rights in UEFA Women's Champions League images and footage and in the name, logo, music, branding and materials of the UEFA Women's Champions League are and remain the exclusive property of UEFA.
- G.3.5** Clubs may have access, upon request to UEFA/UC3, to the raw feed via the OB van or the relevant satellite (as designated by UC3 at its sole discretion) in respect of matches in which they participate, in each case subject to the execution of a services agreement and payment of associated technical costs by the club.

G.4 Live rights

- G.4.1** Clubs may exploit live rights in an EU/EEA country only in the event that such rights have not been acquired by a UC3 media partner in that particular country. UC3 will notify the clubs in due time of any EU/EEA country in which it has failed to sell the relevant live rights.
- G.4.2** Any exploitation of any such live rights by clubs on official club platforms and/or via club media partners shall be in strict accordance with the following conditions:
- a. there shall be no direct and/or indirect third-party association with the competition. In particular, clubs must therefore ensure that official club platforms do not contain any form of sponsorship that permits (whether directly and/or indirectly) a product, service, person or brand to be associated with the competition;
 - b. there shall be no overspill, broadcast or transmission outside the territory(ies) in which the clubs are entitled to sell (and then broadcast and/or transmit) live rights in accordance with these regulations; and
 - c. the programme shall be available on a subscription basis (pay and/or pay-per-view) only.

G.5 Delayed and other content rights

G.5.1 General conditions

- G.5.1.1** Any content created by clubs which stems from within the stadium perimeter prior to 45 minutes before kick-off (e.g. from allocated pitch-view studios or pitch presentation positions), including on days preceding a matchday, may be exploited

on a live and/or delayed basis on official club platforms and club digital services without restriction. Clubs are not entitled to exploit any form of media rights in respect of any content they create which stems from within the stadium perimeter from 45 minutes before kick-off until the end of the relevant embargo periods (i.e. until 24:00 CET of the day following the last matchday of the relevant matchweek (e.g. Thursday at 24:00 CET for any match played in a matchweek during which matches are played on Tuesday and Wednesday; Friday at 24:00 CET for any match played in a matchweek during which matches are played on Wednesday and Thursday; or Sunday at 24:00 CET for a UEFA Women's Champions League final played on a Saturday) except as set out in the relevant sections below depending on further criteria such as whether it is the club's own exploitation, the applicable club-branded content services and/or the basis of exploitation (i.e. on a (i) free or (ii) subscription basis (pay and/or pay-per-view)).

G.5.1.2 Following the end of such embargo periods, clubs may exploit the media rights identified in [Annex](#) and [Annex G.5.3](#) on a worldwide, non-exclusive basis subject to: (i) the same conditions set out in relation to the embargo periods (except that such media rights may in all cases be exploited on a free and/or subscription basis (pay and/or pay-per-view) following the end of such embargo periods); and (ii) any other expressly identified rights, meaning including the rights identified under [Annex G.5.4](#), [Annex G.6](#) and [Annex G.7](#) only.

G.5.2 Official club platforms

G.5.2.1 Delayed rights may be exploited by the clubs on official club platforms from 24:00 CET (unless otherwise identified below) after the conclusion of the relevant match subject to the following conditions:

- a. any clips and programmes may only be made available on a subscription basis (pay and/or pay-per-view), with the exception of (i) clips of no more than three minutes in aggregate, across the official club platforms, which may be transmitted on a free basis only provided that they promote the relevant broadcast partner(s) of the competition in accordance with UEFA/UC3 guidelines and regulations (e.g. with a link to UC3's "where to watch" page) subject to UC3 providing the clubs with the relevant promotional materials and instructions and (ii) clips on an unsponsored and/or sponsored basis (but in case of the clips being sponsored only by the relevant UC3 sponsor) equivalent to the sole and exclusive footage promotions which are made available by UC3 sponsors and UEFA/UC3 (e.g., the "Goal of the Week");
- b. for the avoidance of doubt, as referenced in [Annex G.5.1.1](#), after 24:00 CET of the day following the last matchday of the relevant matchweek (e.g. Thursday 24:00 CET for any match played in a matchweek during which matches are played on Tuesday and Wednesday; Friday 24:00 CET for any match played in a matchweek during which matches are played on Wednesday and Thursday; or Sunday 24:00 CET for a final played on a Saturday), clips and programmes may be made available on a free and/or subscription basis (pay and/or pay-per-view);
- c. clips and programmes may be fully dedicated (i.e. 100%) to the UEFA Women's Champions League; and

- d. subject to [Annex G.5.2.1](#).a(ii), clips and programmes may be sponsored by a third party but not in a way that creates a direct or indirect association with the competition. In particular, clubs must therefore ensure that official club platforms do not contain any form of sponsorship that permits (whether directly and/or indirectly) a product, service, person or brand to be associated with the competition. However, clips and programmes containing more than 50% of UEFA content (comprising UEFA Women's Champions League content and any other UEFA-related content, including other UEFA competitions) may only be sponsored by UC3 sponsors. The list of UC3 sponsors and the conditions and procedures applicable to the sponsorship will be communicated by UC3 to the club at the club's written request.

G.5.2.2 In general, the embargos and restrictions given above in [Annex](#) and [Annex G.5.2.1](#) shall apply to all audiovisual and/or visual coverage of the competition, whether taken from the raw feed or created by the clubs directly (including pre- and post-match activities). However, the following exceptions shall apply:

- a. content created by clubs which stems from within the stadium perimeter, or taken from the raw feed, during the period from 45 minutes prior to kick-off until 5 minutes prior to kick-off (e.g. from allocated pitch-view studios or pitch presentation positions) may be exploited on a live and/or delayed basis providing the broadcast of the live match is promoted in accordance with UEFA/UC3 guidelines and regulations (e.g. with a link to UC3's "where to watch" page) subject to UC3 assisting the relevant club to comply with its promotional obligations:
 - i. on club digital services up until 5 minutes before kick-off and/or from 5 minutes after the end of the match (5 minutes after the trophy lift with regards to the final), subject to a maximum duration of 3 minutes in total per match; and
 - ii. from 24:00 CET of the day following the last matchday of the relevant matchweek (e.g. Thursday 24:00 CET for any match played in a matchweek during which matches are played on Tuesday and Wednesday; Friday 24:00 CET for any match played in a matchweek during which matches are played on Wednesday and Thursday; or Sunday 24:00 CET for a final played on a Saturday) on official club platforms, without any maximum duration;
- b. content created by clubs which stems from within the stadium perimeter, or taken from the raw feed, during the 5 minutes prior to kick-off may be exploited on a live and/or near live basis providing the broadcast of the live match is promoted in accordance with UEFA/UC3 guidelines and regulations (e.g. with a link to UC3's "where to watch" page) subject to UC3 assisting the relevant club to comply with its promotional obligations on club digital services subject to a maximum aggregate duration of 30 seconds per match across any and all such club digital services and any and all club third-party digital services (as permitted pursuant to [Paragraph G.5.3.2](#).b below;

- c. content created by clubs which stems from within the stadium perimeter, or taken from the raw feed in respect of match action may be exploited during the playing time of the relevant match, providing the broadcast of the live match is promoted in accordance with UEFA/UC3 guidelines and regulations (e.g. with a link to UC3's "where to watch" page) subject to UC3 assisting the relevant club to comply with its promotional obligations on club digital services, subject to a maximum of 4 clips per match of a maximum of 20 seconds per clip featuring match action other than the scoring of goals;
- d. content created by clubs which stems from within the stadium perimeter in areas where UC3 media partners have no access (such footage being limited to non-match action) may be exploited on a delayed basis on club digital services from 5 minutes after the end of the match (5 minutes after the trophy lift with regards to the final) subject to clubs having shared such content with UEFA/UC3 as per [Annex G.3.2](#) for UC3 media partners' prior exploitation and subject to a maximum duration of 60 seconds in total in relation to each match.

G.5.3 Third-party digital services

G.5.3.1 Subject to the provisions of [Annex G.5.3](#), delayed rights may be exploited by the clubs on third-party digital services subject to the following conditions:

- a. from 24:00 CET after conclusion of the relevant match: (i) clips of no more than three minutes in aggregate, across the club's third-party digital services, may be transmitted on a free basis only provided that they promote the relevant broadcast partner(s) of the competition in accordance with UEFA/UC3 guidelines and regulations (e.g. with a link to UC3's "where to watch" page) subject to UC3 providing the clubs with the relevant promotional materials and instructions and (ii) clips on an unsponsored and/or sponsored basis (but in case of the clips being sponsored only by the relevant UC3 sponsor) equivalent to the sole and exclusive footage promotions which are made available by UC3 sponsors and UEFA/UC3 (e.g., the "Goal of the Week") may be transmitted on a free and/or subscription basis (pay and/or pay-per-view);
- b. clips shall be promotional in nature with the goal to (i) drive viewers back to the clubs' official club platforms and/or (ii) promote the relevant broadcast partner(s) of the competition in accordance with UEFA/UC3 guidelines and regulations (e.g. with a link to UC3's "where to watch" page) subject to UC3 providing the clubs with the relevant promotional materials and instruction;
- c. any exploitation of footage on third-party digital services shall be subject at all times to the terms and conditions of [Annex G.5.3.8](#). For the purposes of this [Annex G.5.3.1](#), "footage" means any footage produced between (i) 5 minutes prior to kick-off, and (ii) 5 minutes after the end of the match (5 minutes after the trophy lift with regards to the final);

- d. for the avoidance of doubt, as referenced in [Annex G.5.1.1](#), after 24:00 CET of the day following the last matchday of the relevant matchweek (e.g. Thursday 24:00 CET for any match played in a matchweek during which matches are played on Tuesday and Wednesday; Friday 24:00 CET for any match played in a matchweek during which matches are played on Wednesday and Thursday; or Sunday 24:00 CET for a final played on a Saturday), clips may be made available on a free and/or subscription basis (pay and/or pay-per-view);
- e. clips may be fully dedicated (i.e. 100%) to the UEFA Women's Champions League; and
- f. subject to [Annex G.5.3.1.a](#), clips and programmes may be sponsored by a third party but not in a way that creates a direct or indirect association with the competition. In particular, clubs must therefore ensure that club third-party digital services do not contain any form of sponsorship that permits (whether directly and/or indirectly) a product, service, person or brand to be associated with the competition. However, clips and programmes containing more than 50% of UEFA content (comprising UEFA Women's Champions League content and any other UEFA-related content, including other UEFA competitions) may only be sponsored by UC3 sponsors. The list of UC3 sponsors and the conditions and procedures applicable to the sponsorship will be communicated by UEFA/UC3 to the club at the club's written request.

G.5.3.2 In general, the embargos and restrictions given above in [Annex G.5.3.1](#) shall apply to all audiovisual and/or visual coverage of the competition, whether taken from the raw feed or created by the clubs directly (including pre- and post-match activities). However, the following exceptions shall apply in respect of any and all exploitation on club third-party digital services:

- a. content created by clubs which stems from within the stadium perimeter during the period from 45 minutes prior to kick-off until 5 minutes prior to kick-off (e.g. from allocated pitch-view studios or pitch presentation positions) may be exploited on a live and/or delayed basis providing the broadcast of the live match is promoted in accordance with UEFA/UC3 guidelines and regulations (e.g. with a link to UC3's "where to watch" page) subject to UC3 assisting the relevant club to comply with its promotional obligations:
 - up until 5 minutes before kick-off and/or from 5 minutes after the end of the match (5 minutes after the trophy lift with regards to the final), subject to a maximum duration of 3 minutes in total per match; and
- b. content created by clubs which stems from within the stadium perimeter, or taken from the raw feed, during the 5 minutes prior to kick-off may be exploited on a live and/or near live basis providing the broadcast of the live match is promoted in accordance with UEFA/UC3 guidelines and regulations (e.g. with a link to UC3's "where to watch" page) subject to UC3 assisting the relevant club to comply with its promotional obligations, subject to a maximum aggregate duration of 30 seconds per match;

- c. content created by clubs which stems from within the stadium perimeter, or taken from the raw feed in respect of match action may be exploited during the playing time of the relevant match, providing the broadcast of the live match is promoted in accordance with UEFA/UC3 guidelines and regulations (e.g. with a link to UC3's "where to watch" page) subject to UC3 assisting the relevant club to comply with its promotional obligations, subject to a maximum of 4 clips per match of a maximum of 20 seconds maximum per clip featuring match action other than the scoring of goals;
- d. content created by clubs which stems from within the stadium perimeter in areas where UC3 media partners have no access (e.g. from the dressing rooms) may be exploited on a delayed basis from 5 minutes after the end of the match (5 minutes after the trophy lift with regards to the final) subject to clubs having shared such content with UEFA/UC3 as per [Annex G.3.2](#) for UC3 media partners' prior exploitation and subject to a maximum duration of 60 seconds in total per match (such content being limited to non-match action).

G.5.3.3 Each proposed use of any UEFA Women's Champions League content and/or material ("relevant content") by clubs on or via a third-party digital service is subject to UC3's prior written approval and to any additional terms and conditions UC3 might, at its sole discretion, impose in relation to such approval.

G.5.3.4 Clubs must, in each request for approval to make the relevant content available on a third-party digital service, set out (as applicable):

- a. details of the specific relevant content the club proposes to use;
- b. the third-party digital service proposed to be used;
- c. the start date and proposed duration of the relevant exercise of rights;
- d. (if applicable) any individual arrangement it has negotiated with the operator of the third-party digital service; and
- e. any proposed commercialisation of the relevant content.

For the avoidance of doubt, any such request may be for a one-off type of use (e.g. a single clip on a single third-party digital service for a certain duration) or for multiple types of uses as part of a wider framework (e.g. for a single or multiple type(s) of clip(s) on a single or multiple third-party digital service(s) for (a) certain duration(s), which may vary from clip to clip and may be for a full season).

G.5.3.5 Clubs agree that if any approval is subsequently provided by UEFA/UC3, the clubs shall thereafter:

- a. comply fully with the terms (and any conditions) of such approval; and
- b. ensure that its use of relevant content on any third-party digital service complies fully with the terms of these *Club Media Rights Guidelines*.

G.5.3.6 Clubs agree that, when engaging with any third-party digital service operator in respect of the possible use of the relevant content on such third-party digital service, it shall use its reasonable endeavours to negotiate an individual arrangement with such operator which observes, and is consistent with, to the greatest extent possible, the terms of these *Club Media Rights Guidelines*.

G.5.3.7 If a club is unable to negotiate any such individual arrangement (notwithstanding its reasonable efforts to do so), and the terms and conditions imposed by the third-party digital service operator of the relevant third-party digital service in relation to the relevant content are inconsistent and/or incompatible with the terms of these *Club Media Rights Guidelines*, UEFA/UC3 will not hold the club in breach of the relevant term(s) of these *Club Media Rights Guidelines* (a “relevant breach”) if the club subsequently makes the relevant content available on such third party digital service, provided that

- a. the relevant breach results only and directly from the operator of the third-party digital service requiring a contractual licence to use the relevant content which exceeds the scope of the limited rights permitted to be licensed to such operator pursuant to [Annex G.5.3.8](#);
- b. the club is not in breach of any other term of these *Club Media Rights Guidelines*; and
- c. neither UEFA nor UC3 (directly or indirectly):
 - i. suffers (or has suffered) and/or incurs (or has incurred) any damage or liability as a result of such breach; or
 - ii. receives (or has received) any third party complaints in this regard.

For the avoidance of doubt, UEFA and UC3 reserve all rights (whether pursuant to these *Club Media Rights Guidelines*, at law or otherwise) in relation to each relevant breach.

G.5.3.8 Each club acknowledges and agrees that the right to make relevant content available on any third-party digital service is subject to the clubs ensuring, at all times, that:

- a. the third-party digital service is governed by terms and conditions of use which include an undertaking by the end-user of the relevant third-party digital service not to distribute, reproduce or make any use of the relevant content other than for private non-commercial purposes. For the avoidance of doubt, this prohibition is not intended to restrict the legitimate functionality of social media platform tools (such as “like”, “share” and “re-tweet” buttons and tools);
- b. the third-party digital service operator does not impose (or seek to impose) upon the club, or require (or seek to require) the club’s compliance with, terms and conditions which transfer ownership of any intellectual property rights in any relevant content to any third party (including the third-party digital service operator);
- c. other than to the limited extent necessary to enable the technical publication of the relevant content on the relevant third-party digital service (and subject to [Annex G.5.3.6](#) and [Annex G.5.3.7](#) above), it does not transfer, dispose of, grant or pass through any rights (such as the right to sub-license the right to use any relevant content) in respect of any relevant content to any third party (including the relevant third-party digital service operator);
- d. no third-party digital service (or other third party, including any third-party digital service operator) is positioned as having an official association with UEFA/UC3 or any UEFA competition;

- e. club branding (with regards to the exploitation of club rights) remains the dominant branding:
 - i. on or within any club-controlled section, page or channel of the third-party digital service; and
 - ii. on, or related to, any relevant content featured within a content offering that is “curated” by the third-party digital service operator;
- f. the club disables the video embedding functionality, so as to prevent third parties from using any relevant content and communicating it (or making it available) via any other digital platform or within the original third-party digital service in such a manner as to appear as if such third party is the source of the relevant content (such use of the original third-party digital service being distinct from mere “sharing” of the relevant content within the original third-party digital service); and
- g. the club retains the ability to take down all the relevant content (thus removing it from the relevant third-party digital service) at all times.

G.5.3.9 Each club must ensure that it takes down any and all relevant content immediately upon request by UEFA/UC3 (including, for example, in response to any UEFA/UC3 notification pursuant to [Annex G.5.3.11](#) below) or if a club can no longer comply with the requirements set out in [Annex G.5.3.8](#) immediately above.

G.5.3.10 If a club wishes to make any relevant content available on a third-party digital service in any manner which:

- a. permits the relevant operator to enhance, modify, edit, or curate the relevant content (such as in relation to concepts similar to Snapchat “Live Stories”); or
- b. permits users of the relevant platform to superimpose other materials (such as lenses or filters) over any relevant content,

UC3’s approval of the manner of the proposed use of relevant content (and the terms of any relevant sub-licence) may be subject to additional conditions (which will be determined on a case-by-case basis).

G.5.3.11 In addition to the take-down requirement set out in [Annex G.5.3.9](#) without prejudice to [Annex G.2.9](#), clubs acknowledge and agree that UEFA/UC3 may at any time (at its sole discretion) notify the clubs that they are no longer permitted to make certain specified relevant content (or any and all relevant content) available on a specific third-party digital service (for example, if UEFA/UC3 believes that the reputation of the third-party digital service operator is not commensurate with the reputation of the UEFA Women’s Champions League, or if the relevant third-party digital service operator has not taken sufficient steps to combat content piracy). Upon receipt of any such notification, the club shall immediately:

- a. remove any specified relevant content from such third-party digital service; or
- b. remove any and all relevant content from such third-party digital service;

it being agreed that, in such circumstances, UEFA/UC3 shall, as part of such notification, set out the reasons why the applicable relevant content may no longer be made available on the relevant third-party digital service.

G.5.3.12 Each club acknowledges and agrees that it shall remain fully liable to UEFA/UC3 in respect of any liability which flows from the club having made available any relevant content on any third-party digital service.

G.5.3.13 For the avoidance of doubt, the commercialisation of third-party digital services used to make available footage under the *Club Media Rights Guidelines* is subject to UC3's prior written approval.

G.5.4 Club-dedicated programmes

G.5.4.1 Club-dedicated programmes only (and no other delayed rights) may be licensed by the clubs to club media partners (but excluding on third-party digital services) and/or exploited via audiovisual fixed-media subject to the following conditions:

- a. in relation to any such programme, which is made available as part of a linear delivery/push transmission whereby the viewing time is scheduled and fixed:
 - i. it can only be exploited from 24:00 CET of the day following the last matchday (CET) of the relevant matchweek (e.g. Thursday 24:00 CET for a Tuesday match played in a matchweek during which matches are played on Tuesday and Wednesday (CET); Friday 24:00 CET for any match played in a matchweek during which matches are played on Wednesday and Thursday (CET); or Sunday 24:00 CET for a final played on a Saturday (CET)), but in any case not whilst any UEFA Women's Champions League matches are being played; and
 - ii. there shall be at least a four-hour gap between the end of the transmission and the start of the linear/push transmission on the same channel of another club-dedicated programme (whether dedicated to the same club or another club);
- b. in relation to any such programme, which is made available as part of a non-linear delivery/pull transmission whereby the viewing time is determined by the viewer:
 - i. it can only be exploited from 24:00 CET of the third day following the last matchday (CET) of the relevant matchweek (e.g. Saturday 24:00 CET for any match played in a matchweek during which matches are played on Tuesday and Wednesday (CET); Sunday 24:00 CET for any match played in a matchweek during which matches are played on Wednesday and Thursday (CET); or Tuesday 24:00 CET for a final played on a Saturday (CET)); and
 - ii. clubs may not allow non-linear/pull exploitation of their club-dedicated programme(s) in association with any other club's club-dedicated programme(s);
- c. any such programme must be club branded and dedicated (e.g. FC Barcelona History) and shall not be branded or promoted in association with UEFA/UC3 or any UEFA competitions;
- d. any such programme may be made available on a free and/or subscription basis (pay and/or pay-per-view);
- e. any such programme shall not for the avoidance of doubt take the form of extended highlights programmes and/or delayed match programmes;

- f. no such programme shall contain more than 50% of UEFA content comprising UEFA Women's Champions League content and any other UEFA-related content, including other UEFA competitions unless such programme is dedicated to the final and released by the winning club (which may have 100% final-related content). In case of production of a series of programmes (i.e. several programmes associated by a common theme including name, branding, packaging, distribution and/or promotion) and/or block programming, (i) the series/block programming and (ii) each programme forming part of the series/block programming shall be considered as a programme for the purpose of this [Annex G.5.4](#);

Example:

Within a series of programmes dedicated to the history of FC Barcelona:

- i. the series of programmes shall contain a maximum of 50% of UEFA content; and
 - ii. each programme shall contain a maximum of 50% of UEFA content, with the exception of one programme featuring a final won by FC Barcelona;
- g. any such programme may be sponsored by a third party (but not in a way that creates a direct or indirect association with the competition) unless such programme is dedicated to the final and released by the winning club in the manner described in point f) above and in this case it cannot have any sponsorship and/or direct/indirect third-party association;
 - h. for the avoidance of doubt, [Annex G.5.4.1b-g](#) apply to any fixed media exploitation for which purpose the word "programme(s)" can alternatively mean "product(s)". Furthermore, fixed media exploitation is subject to the following additional obligation:
 - the fixed media devices may be employed to reproduce match footage of the UEFA Women's Champions League matches together with other editorial elements but may not incorporate any other content (for example, video games or interactive quizzes) and their sole function shall be to store the above content.

G.6 Exploitation of archive rights

- G.6.1 The archive and other content rights described in [Annex G.5](#) may also be exploited and/or licensed by the relevant participating clubs in relation to each final of the UEFA Women's Champions League played from 2009 to 2026. This applies only to the clubs that participated in such matches (on a non-exclusive basis and under the conditions set out in [Annex G.5](#)).
- G.6.2 The clubs agree that UC3 may non-exclusively exploit and license, as envisaged in these regulations, the media rights in relation to (i) all other matches of the UEFA Women's Cup played from 2001 to 2009 and (ii) all other matches of the UEFA Women's Champions League played from 2009 to 2026 which have not been centrally marketed by UEFA/UC3.
- G.6.3 Both UC3 and the clubs agree to provide reasonable assistance to each other to source the relevant material to exercise the rights envisaged respectively in [Annex G.6.1](#) and [Annex G.6.2](#) above.

G.7 Audio rights

- G.7.1 UC3 may non-exclusively exploit the audio rights for all UEFA Women's Champions League matches. Clubs will be given the name of the UC3 media partners to whom rights have been licensed by UC3 in due time. Clubs may not charge any fee to these UC3 media partners.
- G.7.2 Clubs may non-exclusively exploit (themselves or via their official club platforms and/or club media partners) the audio rights for their respective home matches (except the final). Unless otherwise specified in this [Annex G.7](#), clubs may charge a fee to such partners to whom they grant audio rights. No sub-licensing by official club platform(s) and/or club media partner(s) is allowed.
- G.7.3 On a season-by-season basis, clubs may decide to grant non-exclusive audio rights (regardless of transmission technology) for their respective home matches to two domestic club media partners (domestic media partners). The technical cost charged by the clubs to such domestic media partners must not exceed €1,000 per match.
- G.7.4 At a visiting club's request, the host club must grant audio rights for the match to up to two of the visiting club's domestic media partners (at technical cost) and/or official club platforms. Such a technical cost must not exceed €1,000 per match and the clubs may not charge them any other fee.
- G.7.5 All such domestic media partners and partners selected by UC3 must be provided with appropriate technical facilities and commentary positions in the stadium.
- G.7.6 Furthermore, if requested by visiting clubs, they may conclude reciprocal agreements with such clubs.
- G.7.7 As a general principle, clubs have the right to audio report on their official club platforms, free of charge, UEFA Women's Champions League matches in which they are participating. If in order to exploit such right the official club platform requires access to the stadium and/or other technical facilities, such access and facilities shall be granted free of charge by the host club to the visiting club, subject to availability.
- G.7.8 There shall be no direct and/or indirect third-party association with the competition in relation to the exploitation of audio rights. In particular, clubs must therefore ensure that official club platforms and club media partners do not sell any form of sponsorship that directly and/or indirectly associates a product, service, person or brand with the competition.

N.B.: 1) This form is based on Articles 4.01(b), 4.01(d), 4.01(e), 4.01(f), 4.01(g), 4.01(h), 6.01(c), 6.01(k) and 6.01(l) of the Regulations of the UEFA Women's Champions League 2026/27 as well as on Articles 4.01(b), 4.01(d), 4.01(e), 4.01(f), 4.01(g), 4.01(h), 6.01(c), 6.01(k) and 6.01(l) of the Regulations of the UEFA Women's Europa Cup 2026/27.

2) For the purposes of this document, UEFA women's club competitions are the UEFA Women's Champions League and the UEFA Women's Europa Cup.

The above-mentioned club and the member association each respectively, hereby:

- a. agree to be bound by and observe the *UEFA Statutes* and regulations (including the *UEFA Disciplinary Regulations*, the *UEFA Anti-Doping Regulations*, the *UEFA Club Licensing Regulations for UEFA Women's Club Competitions* and the above-mentioned UEFA women's club competition regulations), as well as any directives and decisions taken by the competent UEFA bodies regarding the competition in question;
- b. agree to recognise the jurisdiction of the Court of Arbitration for Sport (hereinafter: the CAS) at Avenue Bergières 10, CH-1004 Lausanne, Switzerland, as provided for in the *UEFA Statutes*;
- c. agree that any proceedings before the CAS related to admission to, participation in or exclusion from the above-mentioned competitions will be held in an expedited manner in accordance with the Code of Sports-related Arbitration of the CAS and with the directions issued by the CAS, including for provisional or super-provisional measures, to the explicit exclusion of any state or other court in accordance with the *UEFA Statutes*;
- d. confirm that the club's players and officials agree to respect the obligations stated above under points a) to c);
- e. agree to comply with the rules on multi-ownership of clubs aimed at ensuring the integrity of the relevant competition, as defined in [Paragraph 5.01](#) of the above-mentioned UEFA women's club competition regulations and to disclose any additional information requested by UEFA in this respect at any time whether before, during or after the competition;
- f. acknowledge and agree that the framework for the participation by clubs which compete in the UEFA women's club competitions for the cycle 2025-2030 is currently set out in the relevant UEFA women's club competition regulations as well as the UEFA Circular Letter No. 71/2023 dated 21 December 2023 and matters relating to the good functioning of the UEFA women's club competitions are approved by the relevant UEFA bodies (including the Women's Football Committee and UEFA Executive Committee) on the basis of a five-season cycle, notably: (i) the main sporting, technical, calendar and organizational matters; (ii) commercial, media and sponsorship collective selling matters; and (iii) solidarity and redistribution matters;
- g. confirm that the club has not been directly and/or indirectly involved in any activity aimed at arranging or influencing the outcome of a match at national or international level since 1 March 2016 (i.e. ten years before the entry into force of the relevant UEFA women's club competition regulations).

If the club and the respective member association are unable to confirm the above, the club and the member association shall provide in the enclosed form all useful information currently in their possession which is related to any such activity involving the club (be it in relation to disciplinary or state-court proceedings and irrespective of whether such proceedings remain pending or have resulted in an acquittal or conviction of the club and/or its players and/or its officials);

- h. undertake to update the UEFA administration in writing within 14 working days about any facts and information related to the admission criteria (as defined in the above mentioned provisions of the UEFA women's club competition regulations) that have changed since the signature of the present form until the end of the UEFA Women's Champions League 2026/27 and the UEFA Women's Europa Cup 2026/27 (including changes affecting the official entry documents) and, more specifically, about:
 - i. any disciplinary procedure opened against the club and/or its players and/or its officials by the member association and/or its professional league for allegedly arranging or influencing the outcome of a match at national level;
 - ii. any football-related procedure opened by a state authority against the club and/or its players and/or its officials based on the criminal code;
- i. acknowledge that, upon its signature, and, if admitted to the relevant competition by UEFA, this document represents binding commitments on the part of the club to UEFA;
- j. acknowledge and agree that any admission of the club to the relevant competition does not imply acceptance by UEFA of the factual accuracy or completeness of the representations made herein by the club and/or the member association, specifically in relation to those matters referred to in points e) and g), and shall not act so as to preclude UEFA from bringing administrative, disciplinary or other proceedings in accordance with the *UEFA Statutes* and regulations.

Failure to submit to UEFA in time a complete, accurate and duly signed version of this form can lead to administrative measures and/or disciplinary measures in accordance with *UEFA Statutes* and regulations.

This document and the agreement set out herein is governed by and shall be interpreted in accordance with *UEFA Statutes* and regulations and subsidiarily Swiss law. Save in respect of those matters which fall within the competence of the relevant UEFA bodies in accordance with the *UEFA Statutes* and regulations, any and all disputes in relation to this agreement shall be referred for resolution under the exclusive jurisdiction of CAS, to the exclusion of any state or other court.
